PUBLIC ACCOUNTS

OF THE

PROVINCE OF ONTARIO

FOR THE

YEAR ENDED 31ST DECEMBER

1898.

PRINTED BY ORDER OF

THE LEGISLATIVE ASSEMBLY OF ONTARIO

TORONTO:
WARWICK BRO'S & RUTTER, PRINTERS, &c., 68 AND 70 FRONT STREET WEST.
1899.

To His Honour the Honourable SIR OLIVER MOWAT, K.C.M.G.,
Lieutenant-Governor of Ontario.

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present to your Honour the PUBLIC ACCOUNTS of the Province of Ontario for the year ending 31st December, 1898.

Respectfully submitted,

RICHARD HARCOURT,

Treasurer.

TREASURY DEPARTMENT, ONTARIO,
TORONTO, February 3, 1899.

PROVINCIAL AUDITOR'S REPORT

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, February 3rd, 1899.

TO HON. R. HARCOURT,
Treasurer of Ontario :—

I have the honour to present to you the Public Accounts for the year ended 31st December, 1898.

For the information of the Legislative Assembly, I beg to submit the following Departmental Reports and Treasury Board Orders, with reference to overdrafts of appropriations under Schedule A of the Supply Bill.

Consolidation of Statutes	$5,000 00

QUEEN'S PRINTER'S OFFICE,
TORONTO, 27th April, 1898,

The undersigned respectfully reports to His Honour the Lieutenant-Governor in Council:

That the appropriation for Statute Consolidation is almost exhausted and that Warwick Bros. & Rutter, the Contractors for Parliamentary Printing and Binding, are entitled to $5,000 the amount of enclosed certificate for work in connection with printing the same.

The undersigned therefore requests that authority be given the Honourable the Provincial Treasurer, under the Act R. S. O. 1897, cap. 23, sec. 20, to pay the accompanying certificate, viz.—$5,000.

Yours very truly,
(Sd) LUD. K. CAMERON,
Queen's Printer.

C. H. SPROULE, Esq.,
Provincial Auditor.

Approved,
(Sd) R. HARCOURT.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, MAY 6th, 1898.

SIR,—

I beg to forward for approval of the Treasury Board a recommendation from the Queen's Printer for payment of the sum of five thousand dollars to Messrs. Warwick Bros. & Rutter for printing Revised Statutes.

Your obedient servant,

(Sd) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 6TH DAY OF MAY, A.D. 1898.

Upon consideration of the report of L. K. Cameron, Esquire, Queen's Printer, approved by the Honourable the Treasurer, dated 27th day of April, A.D., 1898, the Treasury Board doth hereby pursuant to the provisions of Section 20, Cap. 23, R. S. O. 1897, authorize the issue of a warrant for the sum of five thousand dollars ($5,000) in favor of Messrs. Warwick Bros. & Rutter, Contractors for Parliamentary Printing and Binding, on account of work performed on the Revised Statutes, the appropriation for Consolidation of the Statutes having become exhausted.

Certified,

S. LONSDALE CAPREOL,
Clerk Treasury Board

Consolidation of Statutes 4,600.05

QUEENS PRINTER'S OFFICE.
TORONTO, May 20th, 1898.

The undersigned respectfully begs to report to His Honour the Lieutenant-Governor in Council :

That the appropriation for Consolidation of Statutes has become exhausted, and the Contractors for Printing and Binding are entitled to the sum of $4,600,05 to complete their account in full for this work, as per statements and vouchers carefully checked over, and properly certified to

The undersigned therefore respectfully requests that authority be given the Honourable the Provincial Treasurer, under the Act R. S. O., 1887, cap. 21, sec. 20 to pay the accompanying certificate, viz. $4,600.05.

Your obedient servant,
(Sd) LUD K. CAMERON,
Queen's Printer.

C. H. SPROULE, Esq.,
Provincial Auditor.

Approved,
(Sd) R. HARCOURT.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, May, 21st, 1898.

SIR,—

I beg to forward herewith a recommendation from the Queen's Printer approved by the Honourable the Provincial Treasurer, for payment to Messrs. Warwick Bros. & Rutter of the sum of $4,600.05 in Settlement of their account for printing and binding Revised Statutes, 1897.

Your obedient Servant,
(Sg) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 25TH DAY OF MAY, A. D., 1898.

Upon consideration of the report of the Queen's Printer approved by the Honourable the Treasurer, dated the 20th day of May, A. D., 1898, the Treasury Board doth hereby pursuant to the provisions of section 20 cap. 23, R. S. O., 1897, authorize the issue of a warrant for the sum of Four thousand six hundred dollars and five cents ($4,600.05) in favor of Messrs. Warwick Bros. & Rutter, Contractors for Parliamentary printing and binding, to complete their account in full in connection with the Consolidation of the Statutes, the appropriation for said service having become exhausted.

Certified,

LONSDALE CAPREOL,
Assistant Clerk, Executive Council.

Legislation, Stationery, Printing and Binding 3,761.37

Queens Printer's Office,
Toronto, 7th June, 1898.

The undersigned respectfully reports to His Honour the Lieutenant-Governor in Council:

That the appropriation for Legislative Printing and Binding has become exhausted, and the accompanying accounts for paper in connection therewith are required to be paid.

The undersigned therefore respectfully requests that authority be given the Honourable the Provincial Treasurer under the Act R. S. O., 1897, cap. 23, sec. 20 to pay the accompanying certificates, viz:—Buntin Reid & Co., $173.68, and The Riordon Paper Mills $3,587.69.

Respectfully submitted,
(Sd) L. K. CAMERON,
Queen's Printer.

C. H. Sproule, Esq.,
Provincial Auditor.

Approved,
R. Harcourt.

Provincial Auditor's Office,
Toronto, June 9th, 1898.

Sir,—I beg to enclose herewith for approval of the Treasury Board a recommendation from the Queen's Printer for payment of accounts for pape supplied re Legislative Printing, amounting to $3,761.37.

Your obedient Servant,
(Sd.) C. H. SPROULE,
Provincial Auditor.

The Clerk,
Treasury Board.

Copy of a Minute of the Treasury Board, Dated the 9th Day of June, A.D, 1898.

Upon consideration of the report of the Queen's Printer, approved by the Honourable the Treasurer, dated the 7th day of June, A.D., 1898, the Treasury Board doth hereby pursuant to the provisions of section 20, cap 23, R.S.O., authorize the issue of warrants for the payment of the following accounts chargeable to the appropriation for Legislative Printing and Binding which has become exhausted namely :

Buntin, Reid & Company (Printing Paper)	....	$ 173 68
The Riordon Paper Mills	"	3587 69
		$ 3,761 37

Certified,

J. LONSDALE CAPREOL,

Education—Superannuated Teachers	3,410 00

EDUCATION DEPARTMENT,
Toronto, July 4th, 1898.

The undersigned respectfully reports to His Honour the Lieutenant-Governor-in-Council :

That the sum appropriated for the sub-service of "Superannuated Teachers" is exhausted, and as it is necessary that the allowances of worn-out teachers should be paid without delay, the undersigned respectfully recommends that authority be given under the "Act 49 Vict., cap. 4, sec. 20, for appropriating a further sum of $3,410 to meet the payment of present schedules of $3,045, and an approximate estimate of allowances etc. still due.

The amount asked for above present schedules to be placed to the credit of the Provincial Treasurer, to meet further payments during the year as required.

(Sd.) G. W. ROSS,
Minister of Education.

PROVINCIAL AUDITOR'S OFFICE,
Toronto, July 7th, 1898

SIR,—I beg to enclose herewith for approval of the Treasury Board a recommendation from the Education Department for payment of allowances to Superannuated Teachers as per certificate attached amounting to $3,045.

A further sum of $365.00 is asked for to meet allowances which will al due during the year. Cheques for the latter to be issued on presentation of proper certificates by the Education Department.

Your obedient servant,
(Sd) C. H. SPROULE,
Provincial Auditor

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 7TH DAY OF JULY, A.D , 1898.

Upon consideration of the report of the Honourable the Minister of Education, dated the 4th day of July, A.D., 1898, the Treasury Board doth hereby under the provisions of section 20, cap. 23, R.S.O., 1897, authorize the issue of a warrant for the sum of three thousand four hundred and ten dollars (3410) in favor of the Honourable the Treasurer for the payment of allowances to Superannuated Teachers, the appropriation for such service having become exhausted, three thousand and forty-five dollars ($3,045) to meet the present schedule, and the balance to be placed to the credit of the Treasurer to meet further payments during the year as required.

Certified,
J. R. CARTWRIGHT

Education—Departmental Examinations....	3,169.47

EDUCATION DEPARTMENT,
Toronto, August 30th, 1898.

The undersigned respectfully reports to His Honour the Lieutenant-Governor-in-Council:

That the sum appropriated for the sub-service of Departmental Examinations" is insufficient for the current year, and that after providing for the payment of salaries to the end of the year a further amount of $3,169.47 is required for this sub-service.

The undersigned therefore recommends that authority be given under the Act 49 Vict. cap. 4, sec. 20, for payment of the attached approved accounts amounting to above sum.

(Sd.) G. W. ROSS,
Minister of Education.

PROVINCIAL AUDITOR'S OFFICE.
TORONTO, September, 12th, 1898.

SIR,

I beg to enclose herewith for approval of the Treasury Board a recommendation from the Education Department for payment of Departmental Examination Accounts amounting to $3,169.47 the appropriation for that service having been exhausted.

Your obedient servant,

Refunds, Crown Lands..	3,141.25

DEPARTMENT OF CROWN LANDS,
TORONTO, 1st September, 1898.

The undersigned respectfully reports to His Honour the Lieutenant-Governor in Council, that the appropriation for "Refunds Account, Crown Lands Department" is exhausted and that there are a large number of applications for refunds, chiefly in connection with mining claims, pending.

The undersigned recommends that authority be given under the Act R. S. O., 1887 cap. 21, sec. 20, for a further appropriation of $3,141.25 to meet the payment of the items named in the accompanying schedules.

(Sd) J. M. GIBSON,
Commissioner of Crown Lands.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, 2nd September, 1898.

SIR:

I beg to enclose herewith for approval of the Treasury Board a recommendation from the Department of Crown Lands for payment of Refunds amounting to $3,141.25.

Your obedient servant,
(Sd) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 7TH DAY OF SEPTEMBER, A. D., 1898.

Upon consideration of the report of the Honourable the Commissioner of Crown Lands, dated the first day of September, A. D. 1898, the Treasury Board doth hereby pursuant to the provisions of section 20 cap. 23 R. S. O., 1897, authorize the issue of a warrant for the sum of three thousand one hundred and forty-one dollars and twenty-five cents ($3,141.25) in favour of the Honourable the Treasurer to meet the payment of the refunds named in the accompanying Schedule, the appropriation for "Refunds Account" Crown Lands Department having become exhausted.

Certified,

J. LONSDALE CAPREOL.
Clerk, Treasury Board.

Legislation Salaries 5,064.00

To His Honour,
The Lieutenant-Governor in Council :

The undersigned has the honour to report that in consequence of the extra expenditure incurred by reason of a second meeting of the Legislative Assembly during the year the appropriation for "Legislation" is insufficient, and that a further sum of five thousand and sixty-four dollars ($5,064.) will be required to meet pay lists for the balance of the year.

The undersigned therefore respectfully recommends that pursuant to the provisions of section 20 cap. 23, R. S. O., 1897, a warrant for the said sum of five thousand and sixty-four dollars ($5,064.) be issued in favour of the undersigned for the payment of the salaries in the said pay lists mentioned.

(Sd) R. HARCOURT,
Provincial Treasurer.

16th September, 1898.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 16TH DAY OF SEPTEMBER, A. D., 1898.

Upon consideration of the report of the Honourable the Provincial Treasurer, dated the 16th day of September, A. D., 1898, the Treasury Board doth hereby pursuant to the provisions of section 20, cap. 23, R.S.O.

1897, authorize the issue of a warrant for the sum of five thousand and sixty-four dollars ($5,064.) in favour of the Honourable the Treasurer for the payment of the pay lists for the balance of the year, chargeable to the appropriation for "Legislation" which owing to the extra expenditure incurred by a second meeting of the Legislative Assembly, has become exhausted.

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

Legislation, Library	542.66

LEGISLATIVE LIBRARY,
TORONTO, 11th October, 1898.

The undersigned respectfully reports to His Honour the Lieutenant-Governor in Council:

That the appropriation for Legislative purposes has been exhausted.

That owing to a large number of accounts of the year 1897, not having reached the Honourable the Provincial Treasurer in time for payment in that year, the amount thereof was thrown upon the expenses of the current year, 1898, and the appropriation for the Legislative Library is therefore exhausted.

The undersigned recommends that authority be given to the Honourable Provincial Treasurer under R. S. O. 1897, cap. 23, sec. 20, to pay the accounts hereto attached, amounting to $312 36, and $230.30. Nearly the whole of the largest account, that of Mr. Allen, London, is for moneys disbursed by him in fulfilment of a contract for supplying to the Library copies of all the Imperial Documents relating to Canada. This contract has taken two years in execution and has just been completed. Mr. Allen has in the meantime been standing out of a large part of his money. Several others of the accounts are long standing, or else are due to persons at a distance in payment for small casual purchases.

I have the honour to be,

Your obedient servant,

(Sd) AVERN PARDOE,
Librarian.

C. H. SPROULE, Esq.,
Provincial Auditor.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO. Oct 13th, 1898.

SIR :

I beg to enclose herewith for approval of the Treasury Board a recommendation from the Librarian of the Legislative Assembly for payment of accounts for books supplied amounting to five hundred and forty-two dollars and sixty-six cents. ($542.66)

Your obedient servant,
(Sd) O. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 14TH DAY OF OCTOBER, A. D. 1898.

Under consideration of the report of Mr. Pardoe, Librarian, Legislative Assembly, approved by the Honourable the Treasurer, dated the eleventh day of October, A. D. 1898, the Treasury Board doth hereby pursuant to the provisions of section 20 of cap. 23 R, S. O , 1897 authorize the issue of a warrant for the sum of five hundred and forty-two dollars and sixty-six cents ($542.66) in favor of the Honourable the Treasurer for the payment of certain accounts for books supplied for the Library of the Legislative Assembly, the appropriation for "Legislation" having become exhausted.

Certified,
J. LONSDALE CAPREOL,

Legislation, Stationery, Printing and Binding	5,000.00

QUEENS PRINTER'S OFFICE,
TORONTO, October 13th, 1898

The undersigned respectfully reports to His Honour the Lieutenant-Governor in Council :

That the appropriation for Legislative Printing and Binding has been exhausted. That this is due to the large amount of work in connection with the printing for the Legislative Assembly.

The undersigned therefore respectfully requests that authority be given to the Honourable the Provincial Treasurer under the Act, R. S. O., 1897, cap. 23, sec. 20. to pay the accompanying certificate, viz: $5,000.00.

Yours very truly,
(Sd) LUD. K. CAMERON,
Queen's Printer.

C. H. SPROULE, Esq.,
Provincial Auditor.

Approved,
R. HARCOURT.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, October 14th, 1898.

Sir,—I beg to enclose for approval of the Treasury Board a recommendation from the Queen's Printer for payment of the sum of five thousand dollars to Messrs. Warwick Brothers & Rutter on account of contract for Parliamentary Printing and Binding.

Your obedient servant,
(Sgd.) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 15TH DAY OF OCTOBER, A.D. 1898.

Upon consideration of the report of the Queen's Printer, approved by the Honourable the Treasurer, dated the thirteenth day of October, A.D. 1898, the Treasury Board doth hereby, pursuant to the provisions of sec. 20, cap. 23, R. S. O. 1897, authorize the issue of a warrant for the sum of five thousand dollars ($5,000), in favor of Messrs. Warwick Brothers and Rutter, Contractors for Parliamentary Printing and Binding, on account of work performed, the appropriation for "Legislation" having become exhausted.

Certified,
J. LONSDALE CAPREOL,

Refunds—Crown Lands	1,875 73

DEPARTMENT OF CROWN LANDS.
TORONTO, 27th October, 1898.

The undersigned respectfully reports to His Honour the Lieutenant Governor in Council:—

That the appropriation for "Refunds Account, Crown Lands Department," is exhausted, and that there are numerous claims for refunds to be met, a large proportion of which have arisen in connection with conflicting mining claims.

The undersigned respectfully recommends that authority be given under the Act R. S. O, 1897, Chap. 23. Sec. 20, for a further appropriation of $1,875.73 to meet the items named in the accompanying schedule.

(Sgd) J. M. GIBSON,
Commissioner.

PROVINCIAL AUDITOR'S OFFICE.
TORONTO, Oct. 31st, 1898.

SIR.—I beg to enclose herewith for approval of the Treasury Board a recommendation from the Crown Lands Department for payment of Refunds amounting lo $1,875.73.

Your obedient servant,
(Sgd.) C. H. SPROULE.
Provincial Auditor.

THE CLERK,
Treasury Board.

2	32 00
3	1 70
4	42 75
5	70 00
Total	$203 50

Your obedient servant,

(Sd.) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 13th DAY OF DECEMBER, A. D. 1898.

Upon consideration of the report of the Honourable the Minister of Education, dated the 5th day of December, A. D. 1898, the Treasury Board doth hereby, pursuant to the provisions of section 20, cap. 23, R. S. C., 1897, authorize the issue of a warrant for the sum of two hundred and three dollars and fifty cents ($203.50) in favor of the Honourable the Treasurer, to pay certain accounts chargeable to the appropriation for sub-service "Departmental Examinations" which has become exhausted.

Certified,
J. LONSDALE CAPREOL,
Asst. Clerk, Executive Council.

Civil Government—Insurance Branch **848 25**

Department of Insurance, Ontario,
Toronto, 9th, December, 1898.

C. H. Sproule, Esq.,
Provincial Auditor, Toronto :—

Sir,—The unexhausted balance of the appropriation for 1897 having lapsed, certain delayed accounts of 1897 for paper, printing and binding have fallen upon the appropriation of 1898, and the following accounts of 1898 are now unprovided for :—

Oct. 31,	Warwick Bros. & Rutter	$396 09
Nov. 30,	do	124 35
Nov. 30,	do	79 61
Nov. 30,	Queen's Printer	223 70
Dec. 9,	do	24 50
		$848 25

I would therefore recommend that authority be given under the Act R. S. O., 1897, chapter 23, section 20, for payment of the above named accounts.

Yours truly,

(Sd.) J. HOWARD HUNTER,
Inspector of Insurance.

Approved,
J. M. Gibson,
Commissioner of Crown Lands.

Provincial Auditor's Office,
Toronto, December 29th, 1898.

Sir,—I beg to enclose herewith for approval of the Treasury Board a recommendation from the Inspector of Insurance, approved by the Honourable the Commissioner of Crown Lands for payment of accounts for printing-paper, printing and binding, amounting to $848.25.

Items "Queen's Printer, $223.70 and $24.50," represent proportionate amount of contract paper used in connection with Insurance reports, as per returns from Queen's Printer's Office.

Your obedient servant,
(Sd.) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, JANUARY, 28th, 1899.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 18TH DAY OF JANUARY, A.D. 1899.

Upon consideration of the report of Mr. J. H. Hunter, Inspector of Insurance, approved by the Honourable the Commissioner of Crown Lands, dated the 29th day of December, A.D. 1898, the Treasury Board doth hereby, pursuant to the provisions of section 20 cap. 23, R.S.O., 1897, authorize the issue of a warrant for the sum of eight hundred and forty-eight dollars and twenty-five cents (848.25) in favor of the Honourable the Treasurer, for the payment of certain accounts chargeable to the appropriation for printing reports to Legislature, abstract and detailed blank returns and forms for Insurance Companies, friendly societies and insurance agents, which has become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

Agriculture.—	San Jose Scale	82 85
	Pioneer Farm	79 57
	Experimental Fruit Stations	9 70
	Farmers' Institutes	25 00
	Agricultural Societies	25 00
	Bee Inspection	414 40
	Bureau of Industries	99 00

TORONTO, December 15th, 1898.

The undersigned respectfully reports to His Honour the Lieutentant-Governor in Council:

That as previously reported, the appropriation for agriculture has been exhausted owing to the expense in connection with the San Jose Scale, having exceeded the grant therefor.

The undersigned therefore requests that authority be given under R. S. O., 1897, Chapter 23, Section 20, to pay the following accounts:

San Jose Scale	$82 85
Pioneer Farm	79 57
Experimental Fruit Stations	9 70

Repairs and Maintenance—New Parliament Buildings 817 34

DEPARTMENT OF PUBLIC WORKS, ONTARIO,
TORONTO, December 15th, 1898.

The undersigned begs to report to His Honour the Lieutenant Governor in Council, that the maintenance appropriation for the New Parliament Buildings is exhausted, and therefore respectfully recommends that authority be given under Act R.S.O., 1897, Cap. 23, Sec. 20, to issue a warrant for the sum of $817.34 to cover payments of the following accounts:—

Daniel Dalton, salary		$ 63 00
Wm. Houston, do		250 00
Lake Simcoe Ice Co., ice		42 65
The Incandescent Light Co., for power current, Nov	25 11	
For light current	436 58	
		461 69
		$817 34

(Sd.) W. HARTY,
Commissioner.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, Dec. 16th, 1898.

SIR,—I beg to enclose herewith for approval of the Treasury Board a recommendation from the Department of Public Works for payments of accounts in connection with maintenance of New Parliament Buildings, amounting to $817.34.

Your obedient servant,
(Sd.) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 16TH DAY OF DECEMBER, A.D. 1898.

Upon consideration of the report of the Honorable the Commissioner of Public Works, dated the 15th day December, A.D. 1898, the Treasury Board doth hereby, pursuant to the provisionr of sec. 20 cap. 23, R. S. O., 1897, authorize the issue of a warrant for the sum of eight hundred and seventeen dollars and thirty-four cents ($817.34) in favor of the Honourable the Treasurer, to cover the payment of the following accounts chargeable to the appropriation for the maintenance of the new Parliament Buildings, which has become exhausted, namely:

Daniel Dalton, Messenger Salary	$ 63.00
Wm. Houston, Gardener	250.00
Lake Simcoe Ice Co., ice	42.65

Agriculture—Accountable warrants for delegates to Farmers' Institutes	1,750 00
Pioneer Farm	41 61
Bureau of Industries	70 50
Ontario Agricultural College	1,868 93
Experimental Farm	1,102 91

December 21st, 1898.

To His Honor,
The Lieutenant Governor in Council:

The undersigned respectfully informs His Honour, the Lieutenant Governor in Council, that the appropriation for Agriculture has been exhausted owing to the expenses in connection with the San Jose Scale Act having exceeded the appropriation. He therefore respectfully recommends that authority be given under R. S. O., 1897, chap. 23, sec. 20, for a further appropriation of $4,833.95, to meet the following accounts:

Accountable warrants for delegates to Farmers' Institutes	$1,750.00
Pioneer Farm	41.61
Bureau of Industries	70.50
Ontario Agricultural College	1,868.93
Experimental Farm	1,102.91
	$4,833.95

(Sgd.) JOHN DRYDEN,
Minister of Agriculture.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 27TH DAY OF DECEMBER, A.D., 1898.

Upon consideration of the report of the Honourable the Minister of Agriculture, dated the 21st day of December, A.D. 1898, the Treasury Board doth hereby, pursuant to the provisions of sec. 20, cap. 23 R. S. O., 1897, authorize the issue of a warrant for the sum of four thousand eight hundred and thirty-three dollars and ninety-five cents ($4,833.95) in favor of the Honourable, the Treasurer, for the payment of certain accounts chargeable to the appropriation for Agriculture, which, owing to the expenses in connection with the enforcement of the San Jose Scale Act, has become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

Public Institutions Maintenance—Toronto Asylum	**3,791 98**

Toronto, 27th December, 1898.

Sir—I beg to report that the appropriation for the maintenance of Toronto Asylum for the current year has proved insufficient, and that the sum of $3,791.98 will be required to pay the liabilities incurred above the appropriation.

The strictest economy has been practised, and the over expenditure has been occasioned in furnishing food supplies.

I would therefore recommend the issue of a Treasury Board Warrant, under R. S. O. cap. 23, sec. 20, for the sum of $3,791.98.

I have the honour to be, Sir,
Your obedient servant,
(Sgd.) R. CHRISTIE,
Inspector.

C. H. Sproule, Esq.,
Provincial Auditor.

Provincial Auditor's Office,
Toronto, December 27th, 1898.

Sir,—I beg to enclose herewith for approval of the Treasury Board an application approved by the Honorable the Provincial Treasurer, for authority tor payment of the December Accounts of the Toronto Asylum in excess of the appropriation for the maintenance of that institution.

Your obedient servant,
(Sgd.) C. H. SPROULE,
Provincial Auditor.

The Clerk,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 28TH DAY OF DECEMBER, 1898.

Upon consideration of the report of Mr. Inspector Christie, approved by the Honourable the Treasurer, dated the 27th day of December, A.D. 1898, the Treasury Board doth hereby, pursuant to the provisions of section 20 cap. 23 R. S. O. 1897, authorize the issue of a warrant for the payment of certain accounts amounting to the sum of three thousand seven hundred and ninety-one dollars and ninety-eight cents ($3,791.98), chargeable to the appropriation for the maintenance of the Asylum for the Insane, Toronto, which has become exhausted.

Certified,
J. LONSDALE CAPREOL,
Clerk, Treasury Board.

P. I. Maintenance—Orillia Asylum	**365 50**

TORONTO, 28th December, 1898.

Sir,—I beg to report that owing to the expenditure for furnishings to accommodate an increased number of inmates, and for repairs and renewals to an extent unforseen, the maintenance appropriation for the Orillia Asylum is exhausted, and a further sum of $365.50 is required to pay the official salaries for the year.

I, therefore, recommend authority to be given under the Act R. S. O. 1887, cap. 21, section 20, for payment of above amount.

I have the honour to be, Sir,
Your obedient servant,
(Sgd,) JAMES NOXON,
Inspector.

C. H. SPROULE, ESQ.,
Provincial Auditor.

PROVINCIAL AUDITOR'S OFFICE,
TORONTO, December 28th, 1898

Sir,—I beg to enclose herewith for approval of the Treasury Board, an application approved by the Honourable the Provincial Secretary, for authority for payment of the amount of the December official pay list of the Orillia Asylum for Idiots, in excess of the appropriation for the maintenance of that Institution.

Your obedient servant,

(Sgd.) C. H. SPROULE,
Provincial Auditor.

THE CLERK,
Treasury Board.

COPY OF A MINUTE OF THE TREASURY BOARD, DATED THE 29TH DAY OF DECEMBER, A.D. 1898.

Upon consideration of the report of Mr. Inspector Noxon, approved by the Honourable the Provincial Secretary, dated the 28th day of December, A.D. 1898, the Treasury Board doth hereby. pursuant to the provisions of section 20, cap. 23, R. S. O., 1897, authorize the issue of a warrant for the sum of three hundred and sixty-five dollars and fifty cents ($365.50), in favor of the Honourable the Treasurer, for the payment of the official salaries for the month of December, in connection with the Asylum for Idiots, Orillia, the appropriation for the maintenance of said Institution having become exhausted.

Certified,

J. LONSDALE CAPREOL,
Clerk, Treasury Board.

NOTE.—*By R. S. O. c. 138, s 164 (3), the salaries of the Local Masters of Titles are to be "fixed from time to time with reference to the amount or probable amount of business." Accordingly, the amount each year is fixed with reference to the business of the preceding year, and to the fees collected. All fees are payable into the Consolidated Revenue Fund. These fees aid in determining the value of the work done at the request of private parties after the registration of patents. The registration of the patent is made at the request of the Government, free of charge to the patentee, unless where he has encumbered the land. The patents thus registered in 1898, were, at Sault Ste. Marie, 97; Parry Sound, 81; Bracebridge, 68; Port Arthur, 40; North Bay, 106; Rat Portage, 763. The fees collected during the same period were, Sault Ste. Marie, $1,082.40; Parry Sound, $418.80; Bracebridge, $170.30; Port Arthur, $143.60; North Bay, $496.05; Rat Portage, $1,784.10, and St. Thomas $15.00.*

Petewawa, 24 and 25 proof line road, con. 2, range B, to finish	300 00	
Rainy River road	1,000 00	
Ryan road, from New Carlow to Combermere road	250 00	
Sudbury and Chelmsford road, conditional that municipalities give equal sum (3 or 4 miles of new road)	500 00	
Savanne road, re-vote	300 00	
Slate River bridge (Neebing), municipality to provide balance. Estimated cost, $400	200 00	
Scott line, Wollaston	150 00	
Springer No. 2 road, to continue north	300 00	
Temiscamingue roads	1,000 00	
Victoria road, conditional that county or townships give equal sum, re-vote	250 00	
Veuve River bridge, west of Verner	600 00	
Wahnapitae road	500 00	
Widdifield roads	500 00	
Westport and Maberley road	300 00	
		16,750 00

105 CHARGES ON CROWN LANDS.

Surveys, additional	5,000 00
FOREST RESERVE, ADDINGTON :—	
Caretaking, ranging, etc	750 00

Mining Development ; Mining Roads :—		
Gros Cap and Lake Wawa mining road—conditional that mining companies contribute $400 to $500	1,000 00	
Shoal Lake and Turtle River road	500 00	
Wabigoon Dam	500 00	
Free wharf at Wabigoon, contribution towards	500 00	
Other mining roads	1,000 00	
Mining agencies	1,000 00	
Diamond drill, services, extra for 1899	2,000 00	
Collection of minerals for exhibition purposes, in addition to amount already appropriated	1,500 00	
		13,750 00

106

MISCELLANEOUS.

Gratuity to widow and children of Toussaint Hunter, drowned on Lake Abbitibbi on returning from surveying expedition to James Bay, payable to widow	200 00	
Gratuity to widow of the late Geo. E. Thomas, Assistant Queen's Printer	1,200 00	
Rondeau Provincial Park, purchase of land for road, making and grading, etc	250 00	
Paris Exposition	2,500 00	
Fisheries Department :—		
To purchase tug for fishery services	2,500 00	
To pay for artificial feet for George Smith, assistant housekeeper, Central Office, Osgoode Hall (formerly injured in service)	150 00	
Ontario Dairy Building, Industrial Exhibition Grounds, contribution (conditional)	5,000 00	
Prevention of Export of Saw Logs :—		
Pay and expenses of men at various points during the summer	1,500 00	
Commission on Indian Reserves	500 00	
Expenses, administration of Revenue Bill	2,500 00	
		16,300 00
		162,028 93

107

To defray the expenses of Legislation, Public Institutions Maintenance, and for salaries of the officers of the Government and Civil Service for the month of January, 1900	80,000 00

REPORT

OF THE

COMMISSIONER OF CROWN LANDS

OF THE

PROVINCE OF ONTARIO

FOR THE YEAR 1898.

To His Honor the Honorable Sir Oliver Mowat, G.C.M.G.
Lieutenant-Governor of the Province of Ontario.

May it Please Your Honor:

As required by law, I submit for the information of your Honor and the Legislative Assembly, a report of the management of the Crown Lands of the Province for the year ending 31st December, 1898.

CROWN LANDS.

The area of Crown Lands sold during the year was 50,231 acres, aggregating in value $60,353.87. The collections on account of these and sales of former years amounted to $42,602.87. There was also leased as mining land under the leasing clauses of the Mines Act, 48,911 acres, on which and on lands previously leased, rent amounting to $63,944 60 was collected. (See Appendix No. 3, page 5.)

The total collections on account of Crown Lands sold and leased was $106,547 47. (See Appendix No. 3, page 5.)

The principal part of the revenue derived from Crown Lands has been received from mining sales and leases. The area sold for farming purposes has been relatively small, but this has not been due to any scarcity of good agricultural land available in the Province. It has happened in recent years that attention has been directed mainly to the prairies of the Northwest, and the all too limited influx of immigration has flowed entirely in that direction. Numbers of our own people in search of new homes have also gone to that region. Previous to the opening of the Great Northwest, farmers in Ontario who desired to enlarge their holdings or find homes for their sons naturally turned their eyes to the newer parts of their own Province, and thus the flower of our population, the young men brought up on the farm, were not lost to us but transferred their strength and experience from the older to the newer parts of the Province. This is not the case now. The advantages of the prairie country are kept continually before our people. Agents of the Governments and transportation companies interested in the Great Northwest are ever on the alert. Literature is distributed, correspondence entered into, the people are visited in their own homes and descriptions and inducements presented to them which for the time eliminate every difficulty and open up to their vision an endless vista of wheat fields ready for the reaper. It is therefore no wonder that the broad river of settlers has flowed to the West while we have received but a few straggling streams. This ought not to be so, if our people would bear in mind that Ontario has plenty of good land available at prices much below what they will have to pay in the Northwest; that these lands are easy of access and close to their old homes, with better markets for everthing they can grow; that they are easily cleared and that the timber which will have to be removed is saleable almost everywhere, the proceeds of which will assist in tiding over the early pioneer period. They have, too, an unlimited supply of fuel for the mere taking of it, and plenty of pure water on almost every lot, and there are other advantages incident to living in a wooded country which need not be dwelt upon.

There are large areas of wild land suitable for agriculture near the centres of population in the Algoma, Thunder Bay and Rainy River Districts; while in the District of Northern Nipissing, north and west of Lake Temiscamingue and adjacent to it in Algoma there is found to be thousands of square miles of as good land as there is anywhere in Ontario. From the explorations made towards James Bay in the years 1896 and 1898 by Mr. Niven, O.L.S., whose report is to be found in Appendix No. 26, and from information received from Hudson Bay Company's officers and others who have travelled that immense territory, it is estimated that between the eastern boundary of the Province and Missanabie river there is a block of land 175 to 200 miles in length and from 50 to 120 miles in breadth, say 13,000 square miles or 8,320,000 acres, 75 per cent of which is good for agricultural purposes. The prosperous settlements in the Rainy River District at Dryden and on the banks of the beautiful river which gives the District its name, are evidences of the success which attends settlement there. The territory lying west of Port Arthur also contains thriving settlements with large areas of good unoccupied land lying contiguous thereto. In Algoma District, in the country surrounding Sudbury on the main line of the C. P. R., as well as on the Algoma Branch east of and surrounding Sault Ste Marie, are large settlements with plenty of first class land still available. In the territory extending east from Sudbury to Mattawa there are excellent tracts of land yet to be taken up. The new settlement at Lake Temiscamingue is flourishing, and this region only lacks better facilities of travel to be one of the most prosperous and important sections of the Province. Thirty six townships containing an area of 900 square miles have been laid out, all of which is suitable for settlement. Comparatively few people have settled there yet, although those who are there have abundant crops and are rapidly becoming comfortably off. These lands are sold at 50 cents per acre on easy terms of payment.

WATER POWERS.

Regulations for the disposal of water privileges, pursuant to the provisions of 61 Victoria, chap. 8, were adopted by Order-in-Council of 21st June, 1898. These regulations provide for leasing such powers and land adjacent, instead of alienating them absolutely, as was formerly done, and with such conditions attached as will secure their development within a specified time, in default of which they revert to the Crown.

The recent developments in electrical science, and particularly in the transmission of electrical energy through long distances, has given an importance and value to water powers, especially to those not too remote from centres of population and manufacture, which they did not formerly possess. This Province is singularly well endowed by nature with the means of power in the numberless falls and cascades which abound on the rivers and streams of the newer parts of Ontario, capable of producing in the aggregate an enormous, almost incalculable, amount of energy. These water powers constitute, in fact, one of the great undeveloped resources of the Crown domain, and promise to form in the not distant future a highly important factor in the progress and prosperity of the Province, as well as to make a sensible contribution to the public revenue. Situated in the newer districts, and surrounded by raw material for a variety of industries, such as pulp and paper mills, saw-mills, sash and door factories and other wood-working establishments, and in the mining regions by bodies of gold, copper, nickel and iron ore, the cheap power which they will provide must greatly stimulate the development of manufacturing and mineral industries, which in turn will afford a remunerative home market for the products of the farm. Electric railways can be operated, too, by power from these falls, and thus means of transportation and communication provided in districts where an ordinary railway would be an expensive and premature undertaking. Light can also be supplied to the inhabitants of adjacent towns and villages, rendering life there more comfortable and attractive. It is evident that the public interest demands the speedy utilization of all such water powers where they can be profitably turned to account, and the above-mentioned regulations have been framed with a view to bring this about. A number of applications have been made for water powers under these regulations, and the policy of the Department, so far, has been to fix the annual rental at a moderate sum and thus secure the establishment of new industries, rather than to obtain the highest possible return which the privilege might be made to yield.

MINING.

During the year there has been great interest taken in the mining lands of the Province The discovery of bodies of corundum-bearing rock in the east has created new interest Pending consideration as to the best means of development in the interest of the Province, the corundum belt has been withdrawn from sale or location. The increased value of copper has stimulated the search for that mineral. Considerable capital has been invested in exploration and development, notably on Michipicoton Island, where a large force of men is at present engaged in developing and opening up the copper mines there which have been shut down for years.

The interest in gold mining has continued unabated. The production of gold bullion in the Province during the year was 16,075 ounces, worth $271,906.48, not including the output of one mine for which returns have not yet been received. Compared with 1897 it is by weight 4,663 ounces and by value $81,662.48 more than in that year and there appears to be no doubt that the present year will see a much larger increase.

The mines in the Sudbury District produced during the year in the form of matte the equivalent of 8,373,560 pounds of fine copper and 5,567,690 pounds of fine nickel, which, valued at the selling prices at the works, represents $268,080 worth of the former metal and $514,220 of the latter. All of the matte is shipped out of the country to the refining works in New Jersey.

The pig iron product of the Province was 48,253½ tons of 2,000 pounds, valued at the smelting works at $530,789.

CLERGY LANDS.

The area of these lands sold during the year was 834 acres, aggregating in value $518.25. The amount collected on account of these and former sales was $2,507.03. See Appendix No. 3, page 5.

COMMON SCHOOL LANDS.

The area of these lands sold during the year was 3⅖ acres, with a value of $103.00. The amount collected on account of these and former sales was $9,535.27. See Appendix No. 3, page 5.

GRAMMAR SCHOOL LANDS.

The area of these lands sold during the year was 212 acres, aggregating in value $230.10. The collections on account of these and former sales amounted to $576.32. See Appendix No. 3, page 5.

RAILWAY LANDS.

The collections on lands sold under the Railway Aid Act of 1889, 52 Victoria, chapter 35, were $53.99. See Appendix 3, page 5.

UNIVERSITY LANDS.

Of these lands there were sold and leased 6,885¼ acres, aggregating in value $5,714.51, on which and on former sales there was collected, $8,191.81. See Appendix No 3, page 5.

COLLECTIONS AND REVENUE.

The total collections of the Department on account of all sources of revenue were $1,112,582.16. See Appendix No. 4, page 6.

DISBURSEMENTS.

The total disbursements of the Department were $311,348.45. Included in this expenditure are the following : Mining Schools, $9,935 ; Payments out of Iron Mining Fund $2 606 ; Mining Roads, $13,253.23 ; Mining Explorations, $4,318.73 ; Diamond Drill, $3,249.58 ; Refunds, $24,910.98.

WOODS AND FORESTS.

The total revenue from Woods and Forests for the year 1898 amounted to $981,186.45. Of this, $159,698.74 was on account of bonus and $65,053.37 on account of ground rent, leaving the net revenue from timber dues, etc., $756,434.34. See Appendix No. 4, page 6.

There is a decrease in the revenue of this service as compared with last year of $345,953.63. Of this, $325,620.22 is in Crown dues, $31,220.16 in bonus, while there is an increase in ground rents of $10,886.75. As explained in my last report, the revenue from timber dues for the year 1897 was abnormally large, the sales of lumber having been stimulated by the special situation then existing, that is, the desire to reach the American market before the $2 import duty took effect.

In my last report I referred to the acute feeling which then existed in Ontario in consequence of the re-imposition by the United States of an import duty of $2 per thousand feet on Canadian lumber with the provision that any export duty imposed by any country on logs passing into the United States should be added to the import duty on lumber imported from such country, the effect of which in our case, should the export duty of $2 per thousand on Canadian logs have been re-imposed, would be to increase automatically the duty on Canadian sawn lumber to $4 per thousand. I pointed out that under these circumstances the Government of this Province had been looked to to relieve the unfair situation so far as Ontario was concerned. I intimated that the Legislature would be asked to approve regulations dealing with the situation, pending which provision had been made for the exclusion of alien labor from our lumber woods and for the prohibition of the importation of supplies, and that an officer had been appointed to enforce such exclusion. I also stated that steps had been taken to prevent any increased cutting for export under authority of existing licenses by warning the timber licensees and others that such abnormal cutting might call for some action in the premises. Briefly, this was the position of affairs at the date of my last report.

It was feared by some that the intimation as to excessive cutting would not have the desired effect but would rather have a tendency to increase the cut, and various estimates and speculations as to what the export of logs would be were indulged in. Five hundred millions of feet board measure seemed to be the favorite estimate of the volume of export. The Department had from time to time obtained information from its rangers and the lumbermen themselves as to the probable cut of logs for export, and these figures indicated a probable cut for this purpose of from 156 to 160 millions. The actual export of logs cut last winter was, in round figures, 211 millions, being 289 millions less than 500, the unofficial estimate, and 51 millions more than was anticipated by the Department. It is a fact which attests the accuracy of the Department's estimate that the parties who were cutting for export at the time the estimate was made exported only fifteen millions more than was anticipated, the balance of the excess, 36 millions, arising through Canadians who had always sawn in Canada being offered prices for their logs which induced them to sell for export rather than saw into lumber here. But the fact remains that no such abnormal cut for export as was predicted took place. The Alien Labor Regulations were stringently enforced, in consequence of which supplies purchased after the passing of the regulations were bought in Canada, and the labor, with the exceptions provided for in the regulations, was entirely Canadian. Subsequent to the issue of my last report the Legislature approved regulations requiring that after the 30th of April following the date thereof all saw logs cut on licensed lands of the Crown must be sawn in Canada, with the exception of one or two small areas in the District of Algoma. These regulations have been given effect to by embodying them in all renewals of timber licenses for the current season, with penalties of forfeiture of license, etc., should they not be observed. Steps will be taken to see that the conditions are rigidly observed, although it is not anticipated that there will be any attempt to violate what is now the law of the Province. It may be interesting to note here that this is not the first occasion on which regulations affecting the export of logs have been passed. In the Crown Timber Regulations of 1851 it was provided that all saw logs exported from the Province should be charged dues at double the ordinary rates. This regulation was abrogated by the passing of the Reciprocity Treaty, which provided for free interchange of raw materials between the two countries. The Statute under which the regulations were passed was incorporated in the Statutes of Ontario at Confederation and is, of course, beyond the reach of any disallowance. The Province has therefore the power to fix discriminating rates against logs exported if that should appear to be in the public interest.

The effect of the prohibition of export has been to materially reduce the cut of saw-logs this present winter, and so far as can now be seen there will be from one hundred and sixty to two hundred million feet less taken out than was taken out last winter. The falling off, of course, is in the operation of American limit holders, few of whom are cutting this winter. The export next year will probably not be more than from forty to fifty millions, made up of some fifteen millions cut on the areas excepted from the prohibitory regulations and quantities cut under authority of last year's licenses which were stuck in the streams and in the bush. There will be some fifty millions taken out this winter by parties who formerly exported. These fifty millions will have to be sawn in Canada by contract, either at the existing mills or others to be erected. The lumber trade appears to be in a healthy condition, as prices have stiffened and the demand has been very active. Whatever may have been feared as to the result of the action of Ontario, no bad effect has been visible, and the trade now appears to be almost a unit in favor of maintaining the *status quo* in Ontario until at any rate terms equal and satisfactory to both countries are arrived at. The Ontario lumbermen have come to regard the position with a feeling that the future is with us in respect to raw forest materials. We possess large quantities of white pine which is daily growing more valuable, and it would appear from information in possession of the Department, that the Hudson's Bay slope,—a few years ago regarded as being destitute of timber of commercial worth—has immense forests of spruce, which timber is daily increasing in value, and it may well be that that region will in the end prove our most valuable timber possession. Bearing this in mind, and remembering the ability of our merchants to exploit markets afar when those nearer at home are denied us, the people of Ontario need not fear any stagnation of their timber industries.

FIRE RANGING.

The fire ranging service continues to give satisfaction to all the timber licensees as well as to the Department. It was taken advantage of more largely than ever last season. One hundred and ninety-five fire rangers were on duty on licensed lands, and I am glad to be able to state that very few fires, and those of very small importance, occurred in the territory supervised. In the pineries of the Crown north and west of Temiscamingue and in the Rainy River District some eleven fire rangers were placed on duty. Their presence in the territory has had an excellent effect, as they were constantly coming into contact with prospectors and travellers whom they cautioned, and in whom they inculcated a spirit of care in the handling of fire, and not a single fire of any magnitude occurred in the territory of which they had charge.

CROWN SURVEYS.

The following surveys of townships have been carried out this year:

In the District of Nipissing the townships of Aylmer, Creelman, Hutton, Mackelcan, McCarthy, Parkin, Tilton and Secord have been sub-divided into lots of 320 acres each. In the District of Rainy River the townships of Burriss, Burk, Kingsford, Mather, Melgund and Southworth have been sub-divided into lots of 320 acres each. A meridian line, being the boundary between the Districts of Nipissing and Algoma, which was run in 1896 to a point one hundred and twenty miles due north of the north-east angle of the township of Lumsden, was continued by Mr. O.L S. Niven to a point near Moose Factory on James' Bay, 300 miles from the north-east angle of the township of Lumsden, being 180 miles run this year. The whole line from its initial point on Lake Huron, a little west of the mouth of the French river to the above mentioned point near Moose Factory, runs a distance of 353 miles. In the District of Algoma a meridian line, extending from the north-east angle of the township of Hodgins to a point on the main line of the Canadian Pacific Railway, about three miles east of Dalton station, a distance of ninety-two miles, was run by Mr. O.L.S. T. B. Speight. Several other minor surveys have been performed during the year. The returns of the above named surveys, so far as they have been received in the Department, have been examined and closed. The particulars of the surveys will be found in Appendices Nos. 16 to 26 inclusive, pages 36 to 56 inclusive.

MUNICIPAL SURVEYS.

The Department has during the year, on the petitions respectively of the municipalities of Port Carling, Rochester, Pelham, Mariposa, Arthur and Ross, issued instructions for survey of the village lots of the Bailey estate in the town plot of Port Carling; the road allowance between the sixth and seventh concessions of the township of Rochester in part; the road allowance between lot number twenty in the seventh concession and lots numbers sixteen and seventeen, north of the Middle Road, in the said township; the road allowance between lots numbers two and three in the fifth concession of the township of Pelham; portion of the line between concessions C and D in the township of Mariposa; the road allowance between lots numbers three and four in the third and fourth concessions of the township of Arthur, also the side road allowance between lots numbers eighteen and nineteen in the eleventh and twelfth concessions of the same township; the blind line between the eleventh and twelfth concessions from lot number seventeen to lot number twenty, both inclusive, in the same township; part of the first concession west of Muskrat Lake in the township of Ross, also portions of concession line between ranges five and six in the same township. The following municipal surveys have been confirmed during the year under the provisions of R.S.O., 1897, cap. 181, s. 14, sub-s. 4, such surveys so confirmed being final and conclusive upon all parties: Part of the town line between the townships of Ross and Westmeath lying westerly of Muskrat Lake; the road allowance between lots numbers fourteen and fifteen in the second concession of the township of North Grimsby; the road allowance between the second range north of the Longwoods road, and the first concession of the township of Ekfrid, across lot number one; the boundary line between the townships of Eramosa and Nassagaweya; the side road allowance between lots numbers fifteen and sixteen in the eighth concession of the township of Whitchurch. The particulars relating to these surveys will be found in Appendix No. 13, page 33.

MINING AND OTHER SURVEYS.

The Mines Act, 1897, requires that applicants to purchase or lease mining lands in unsurveyed territory shall file surveyor's plans, field notes and descriptions by metes and bounds of their locations in this Department before any sale or lease is carried out.

Under Orders in Council of date 23rd January, 1892, 3rd December, 1892, and 22nd September, 1893, applicants to purchase islands or locations in the Districts of Thunder Bay or Rainy River for agricultural purposes, in unsurveyed territory, are required to file surveyor's plans, field notes and descriptions by metes and bounds, together with the necessary affidavits of their locations, which are required to be of the form and size, wherever practicable, prescribed by The Mines Act, 1897. Under the terms of The Mines Act, 1897, and of the above regulations a number of applicants in the Districts of Algoma, Thunder Bay and Rainy River have filed plans, etc., and an area of 17,579 acres has been sold and patented to them, for which $35,007 has been received; and an area of 53,657 acres has been leased at $1 per acre for the first year's rental.

FREE GRANTS.

There are 163 townships open for location under the Free Grants and Homesteads Act, two townships, Gorham and Scoble in the District of Thunder Bay, having been opened in 1898. During the year, 780 locations were made on 102,947 acres of land, and 109 locatees purchased 4,449 acres; 254 patents were issued to locatees. See Appendix No. 10, page 28.

COLONIZATION ROADS.

The work done during the year was as follows: Miles of new colonization road constructed, 135; miles of road repaired, 670; 4,374 lineal feet of bridging constructed. Of mining roads, 36 miles have been constructed and 27 miles repaired with some bridging. The work done was carefully inspected and reported to be of a substantial and satisfactory character.

Respectfully submitted,

J. M. GIBSON,

Commissioner.

Department of Crown Lands,
Toronto, December 31, 1898.

APPENDICES.

APPENDIX No. 1.

RETURN of Officers and Clerks, in the Department of Crown Lands, for the year 1898.

Branch.	Name.	Designation.	When Appointed.	Salary per annum.	Remarks.
	Hon. J. M. Gibson	Commissioner	1896, July 21st	4,000 00	
	Aubrey White	Assistant Commissioner	1882, January 1st	2,800 00	
	Geo. Kennedy	Law Clerk	1872, February 1st	2,000 00	
	E. S. Williamson	Shorthand Writer and Clerk	1889, May 1st	1,000 00	
Sales and Free Grants	A. Kirkwood	Chief Clerk	1854, March 21st	1,900 00	
	J. J. Murphy	Clerk	1872, May 1st	1,450 00	
	Julian Sale	Clerk	1871, August 5th	950 00	
	J. J. Kelly	Clerk	1888, March 19	900 00	
	W. A. H. Findlay	Clerk	1897, May 8th	700 00	
	M. Bengough	Stenographer	1896, October 23rd	400 00	
Surveys, Patents and Roads	G. B. Kirkpatrick	Director of Surveys	1866, January 30th	2,000 00	
	W. Revell	Clerk	1871, October 2nd	1,300 00	
	W. F. Lewis	Clerk	1872, February 5th	1,000 00	
	C. S. Jones	Chief Clerk of Patents	1890, May 22nd	1,550 00	
	Hy. Smith	Superintendent Colonization Roads	1881, January 1st	1,900 00	
	C. Cashman	Clerk	1872, September 1st	1,200 00	Resigned 31st October.
	J. H. Bradshaw	Clerk	1884, June 1st	850 00	
Woods and Forests	J. A. G. Crozier	Chief Clerk	1867, December 1st	1,750 00	
	Theo. C. Taylor	Clerk	1888, August 1st	1,450 00	
	Kenneth Millar	Clerk	1891, November 1st	1,000 00	
	Alex. McLaren	Clerk	1890, May 22nd	900 00	
	John Durkin	Clerk	1893, November 15th	1,100 00	
	John B. Cook	Clerk	1898, August 1st	1,000 00	
	Michael P. Doherty	Clerk	1898, August 1st	700 00	

APPENDIX No. 1.—*Concluded.*

Return of Officers and Clerks, in the Department of Crown Lands, for the year 1898.

(Appendix No. 16.)

TOWNSHIP OF CASIMIR.

DISTRICT NIPISSING.

PETERBOROUGH. NOV. 29th, 1897.

SIR,—I have the honor to present herewith the returns of survey of the Township of Casimir, performed under instructions dated June 21st, 1897.

Casimir is immediately north of the Township of Haddo, about six miles south of Warren Station, C.P.R., from which a fair waggon road runs down to Con. III. The position of the south boundary is explained in report of Haddo.

The west arm of Lake Nipissing extends through Cons. I. and II. but for the remainder of the Township it is hardly broken by water.

In common with the country around, this part has suffered from fire and is now largely overgrown with mixed brush of the kind usual in burnt lands.

Though affording ample timber for local use there is none of any commercial value.

The east half of the Township is undulating with occasional rocky ridges, the tracts between, at many places, being fairly fit for cultivation.

The west half is, for the greater part, good clay land with loam, having good depth and is being rapidly settled upon.

In the north-west quarter there are twelve settlers who have come in during recent years. They have erected suitable buildings, made considerable clearings and other improvements, and this season had proportionately fair and good crops. A list of these improvements and approximate values is herewith furnished and it will be noticed that the progress so far made is assuring and promises well for a speedy and thriving settlement.

As might have been expected the survey lines have not quite coincided with those run by the settlers themselves, but it is expected the differences will be amicably adjusted by the parties interested.

In all other respects the characteristics of the Township are those common to this section of the Nipissing District.

Hoping the returns will prove satisfactory to the Department.

I have the honor to be, sir,
Your obedient servant,

J. W. FITZGERALD,
Ontario Land Surveyor.

Honorable J. M. GIBSON.
Commissioner of Crown Lands,
Toronto, Ontario.

(Appendix No. 17)

TOWNSHIP OF CREELMAN.

LITTLE CURRENT, ONTARIO.

DECEMBER 10th, 1898.

SIR,—I have the honor to submit to you the following report of the survey of the Township of Creelman, in the District of Nipissing, which was sub-divided into lots of 320 acres each in accordance with your instructions, dated July 8th, 1898.

I proceeded to the Township by Sudbury, thence by waggon eighteen miles to the Vermilion River, and up the Vermilion in canoes.

I commenced my work by determining the south west angle at the twelfth mile on the District line, and ran due east for the south boundary, making each lot forty chains in width. I paid special attention to the correct marking of the posts and, as instructed, saw that none of the half-mile posts were marked on the south side. The wooden posts at the Township corners have marked thereon the name of each Township on the proper side, also the lot and concession as far as it refers to Creelman.

The iron post at the eighteenth mile of the District line marks the north west angle of Creelman.

The instrument used was a six inch Burt's Solar Compass, made by W. & L. E. Gurley, Troy, N. Y.

The posts were made of the most convenient durable wood, as shown in field notes. They are mostly six inches square. As instructed I procured from the Crown Land Agent at Sudbury the iron posts supplied and planted them firmly at the south west, south east and north east angles of the Township.

The lakes are mostly small. The Vermilion river flows southeasterly through the Township, and is mainly a succession of small lakes and ponds connected by swift currents and rapids.

The general character of the country is undulating rock, with an occasional precipitous bluff and steep hill. Lots one, two and three, concessions two and three, are very mountainous, and form a water shed between the Vermilion waters and a water system to the east. The level portions are muskeg and beaver meadows and a few flats of sand and gravel. Only the most abrupt elevations were noted.

There is but little arable land. Possibly some of the beaver meadows and muskeg by draining could be made productive.

The timber is mostly jackpine, balsam, canoe birch, spruce, taramac, white and Norway pine. The latter two are fairly abundant in the central, northern and eastern portions, but the white pine is mostly "shaky," though of fair size. The spruce and tamarac is of good quality. Very little cedar, ash, maple or black birch was found.

The only burned portion is a few hundred acres on lots five and six, concession six.

The Vermilion could only, at a very great expense, be made available for driving saw-logs. None of the small streams could be used for that purpose.

There is a water power on the Vermilion at location W.R. 84, also one at the Pothole falls on lot number seven, concession one.

At the south limit of lot number eleven, concession four, along the Vermilion, a few colors to the pan of placer gold were found. At other places on the river and through the Township panning was done, but nothing worth mentioning was found. No other minerals were seen.

Moose, caribou and red deer are in abundance. Plenty of mountain trout, black bass and pike were obtained by our party in the Vermilion and the lakes. Beavers are working on some of the streams.

As will be seen on the plan, a pack trail, cut by our party, runs easterly from boundary lake on the Vermilion to about a mile from the east boundary, thence southerly and westerly again to the Vermilion. This trail was well chopped out and blazed, and no doubt will be useful for those who wish to go through the Township.

I have sent with the returns of survey a few specimens of the rock formations. On each sample is marked the locality where found

I have the honor to be, sir,
Your obedient servant,

(Signed) T. J. PATTEN,
Ontario Land Surveyor.

The Honorable J. M. Gibson,
Commissioner of Crown Lands,
Toronto, Ontario.

(Appendix No. 18.)

TOWNSHIP OF HADDO.

District Nipissing.

Peterborough, Nov. 29, 1897.

Sir,—I have the honor to submit herewith the plan and Field Notes of the Township of Haddo in the Nipissing District surveyed by me during the past summer under your instructions dated June 21st, 1897.

Haddo is on the West arm of Lake Nipissing.

It is about twelve miles South of Warren station on the C.P.R.

Owing to a surplus error of ten chains ninety-nine links in the West boundary, the point fixed for the North-west corner of the township is so much North of the true point, consequently the North boundary, (South boundary Casimir) instead of being a due West line, is run on a bearing to meet the altered position which is North 88°, 43′ West, astronomically.

The Township is much intersected by long narrow arms, or water stretches which penetrate it throughout—these are of considerable depth in places. The shores are generally low sloping rock and the bottom often the same, or stone and gravel. At a few points the banks and bottom are clay and here the water is shallow and filled with tall reeds. There is no perceptible current in the arms or bays.

Viewed from the Lake or approach to the township the aspect is rather barren, but on proceeding a short distance inland the scene is changed, good land is met with of a fertile kind, strong clay loam.

The general surface is undulating and a few of the hills so called, attain a height of forty feet.

The country around is what is known as brule having been swept over by fire, it is said, some thirty years ago. It is now covered with a thick growth of small poplar, white birch, willows, alder, and in places jack pine, balsam and cedar.

There is little, if any, timber of commercial value.

There are numbers of islands in the arms and bays, varying in size from a mere dot to several hundred acres. The larger islands are treated as ordinary lots in their respective concessions. The islands of medium size are calculated separately and lettered, with the areas marked thereon as instructed, and the smaller islands mostly rock, are numbered for convenient reference, the acreage in each and all being so small as deemed to be of no importance.

Lists of these two classes of islands are given in field book.

As yet there are no settlers in the township, but in view of the settlement going on in some of the adjoining townships, especially in Casimir, there is no doubt but its favorable situation will gain attention very soon.

In the lake close by and in all the arms there is an abundance of fish, pike maskinonge, bass, etc., and the lands and woods supply red deer and moose in annually increasing numbers.

No fur-bearing animals were seen.

The rock bed is of the usual kind found in the district and at many points where the outcrop is exposed bears the mark of the prospector.

About forty per cent. of the land area is fit for cultivation while a large percentage of the remainder is suitable for pasturage and other purposes, the soil throughout being a stiff clay loam more or less free from stone and easy to work in season.

Hoping these returns will be found satisfactory,

I have the honor to be, Sir,
Your obedient Servant,

(Signed) J. W. FITZGERALD,
Ontario Land Surveyor.

Honorable J. M. Gibson,
Commissioner of Crown Lands,
Toronto, Ontario.

(Appendix No. 19.)

TOWNSHIP OF SECORD

District of Nipissing.

Peterboro, Ontario,
December 12th, 1898.

Sir,—I have the honor to report the completion of the survey of the Township of Secord, in the District of Nipissing, performed under your instructions of 11th July this year.

This township is on the Wahnapitae River, which flows through it from north to south, and situate about fifteen miles south of Wahnapitae station on the Canadian Pacific Railway.

The survey was commenced, as per instructions, at the southeast corner, by laying off the lots forty chains in width along the south boundary, which I reopened and brushed out for the purpose—and the concessions eighty chains in depth along the east boundary. Working north and west, running the side lines north astronomically and the concession lines west astronomically, I completed the survey of the lines. The river and lakes were subsequently surveyed.

The aspect of the township, as seen from the river, is rocky and hilly; but back from the river, a mile or so, the country improves, being somewhat level or gently rolling land of a sandy clay soil, but stony.

The township has been extensively lumbered over, especially during the last six years, and is now practically cut out of pine timber.

The remaining timber in the township is of little commercial value being chiefly spruce, white birch, cedar, alder, willows and small red and white pine saplings. This spring a fire ran over a good portion of the township. It started on lot number nine, concession three, running in an easterly direction to the river and across it at some points, all of which are indicated in the field notes.

The water in the township is clear and good, tributary to the Wahnapitae River which has an average width of two chains and thirty links, and generally having a strong, steady flow. The shores of the river and lakes are mostly low and of sandy clay loam, gravel and small stone.

There are three falls on the river within the township: the first White Pine Chute, lot number two, concession five, about eight feet in four chains and fifty links; the next on lot number three, concession two, about fifteen feet in two chains; and the third Burnt Chute on lot number three, concession one, with a fall of about thirty feet in six chains and fifty links, presenting good mill sites or power stations. The river supplies pike, pickerel, etc. Red deer and moose are plentiful, but fur-bearing animals are scarce. As throughout all this district the arable land is scattered, but probably ten to fifteen per cent. of the land area is fit for cultivation.

Iron posts have been planted as follows: At the southeast angle of the township; iron post marked "Burwash" on the northeast face and "Secord" on the northwest face.

At the northeast angle, iron post marked "Cleland" on the northeast face, "Dill" on the northwest face, "Burwash" on the southeast face, and "Secord" on the southwest face.

I have the honor to be, Sir,
Your obedient Servant.

(Signed) J. W. FITZGERALD,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

(Appendix No. 20.)

TOWNSHIP OF TILTON.

District of Nipissing.

Peterboro, Ont., December 12th, 1898.

Sir.—I have the honor to report on the survey of the Township of Tilton, in the District of Nipissing.

This township lies immediately west of Secord and was surveyed under instructions of the same date, July 11th, 1898.

The survey was commenced and executed in conformity with instructions.

Although differing somewhat in its appearance from the Township of Secord, there is naturally much in common to both.

Some thirty years ago the present township site was burnt over and is now, generally speaking, covered in the valleys and hill-slopes particularly with a dense growth of small poplar, birch, spruce, alder, etc. White and red pine of fair quality, averaging eight to fourteen inches in diameter, are frequently scattered over the southern two-thirds of the township; the thickest and best bunches lying around White Oak and Bluff Lakes; the former being the largest body of water in the township. Both lakes flow into the Wahnapitae River about twelve miles southeast. The northern part, about one-third of the township, is brule, covered mostly with mixed brush, poplar, spruce, birch, etc. Sawlogs are being cut this season by the owners of the berth.

There are no settlers, and no clearances worth notice, nor are there likely to be any of importance, as no area large enough for profitable cultivation has been met with in the township.

As a whole the township is very broken and rocky, offering little or no prospect for successful settlement.

The usual kinds of fish and game found in the Nipissing District are quite plentiful: but evidences of fur-bearing animals were not often seen.

As instructed, the iron posts supplied by the department, have been planted as follows: One on the southeast angle, marked "Tilton" on the northwest face, and "Secord" on the northeast face; and at the southwest angle of the township one marked "Tilton" on the northeast face.

I have the honor to be, Sir,
Your obedient servant,

(Signed) J. W. FITZGERALD,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

(*Appendix No. 21.*)

TOWNSHIP OF AUBREY.

DISTRICT OF RAINY RIVER,

TILBURY, December 16th, 1897.

SIR,—In accordance with instructions received from your Department, dated 8th July, 1897, I have made a survey of the Township of Aubrey, in the District of Rainy River, and beg to report thereon as follows:—

I commenced the survey at the southeast angle of the township at cedar and iron posts planted by O. L. S. Niven in 1894, and ran the south boundary due west astronomically until I reached the east boundary of the Indian Reserve number twenty-seven. I then ran the other concession lines and side lines as directed in the instructions.

The township is rather rolling throughout and the soil is principally clay of a very good quality and would be easily cleared as there is no large timber in the township at all, and a good portion of the small timber was burnt over a year or two ago and is almost falling down now,

There is also a large area which is almost fit for the plough at present, namely, lots four and five in the second, third and fourth concessions, as the timber has been burnt off almost clean and the ground is growing up with wild peas, wild buckwheat and grass and some small bushes.

The township would also be easily drained as there are some four or five small lakes in the eastern portion of the township, and the Beaver River to the north in the middle portion of the township, and Eagle River and Eagle Lake to the west and southwest respectively.

Considering these advantages and the close proximity to the railway, this township should make very desirable land for settlement.

There are several mining locations in the township, situate principally in the eastern and southwestern portions of the township.

There are some parties commencing to do some development work on lot number twenty-three, concession two, and there are several prospectors looking through the township, and I think as soon as men of means can be secured to invest in the mines and develop them that it will prove very profitable.

There is considerable game in the township such as moose, caribou and bear, which were frequently seen during the course of the survey and also small game such as partridge and rabbit, and the lakes and Eagle River abound with plenty of fish.

There are only two settlers in the township who are located at Eagle River Station on lots number twenty-three and twenty-four in the sixth concession. There are also a couple of fishermen squatters on lot number eighteen, concession four, on Eagle Lake, where there used to be an old Hudson's Bay Post.

Accompanying this report are plan and field notes of the township, which I trust you will find satisfactory.

I have the honour to be, Sir,
Your obedient servant,

(Signed) JOS. M. TIERNAN,
Ontario Land Surveyor.

The Honourable J. M. GIBSON,
Commissioner of Crown Lands,
Toronto.

(*Appendix No. 22.*)

TOWNSHIP OF BURRISS.

DISTRICT OF RAINY RIVER.

RAT PORTAGE, JUNE 14TH, 1898.

SIR,—In accordance with your instructions, dated 16th March, 1898, I have made the survey of the Township of Burriss, in the District of Rainy River.

I left Rat Portage on the 23rd of March, and proceeded to the township.

At the time your instructions were received it was a very difficult matter to get conveyance from Rat Portage to the locality of the township, as the ice was at that time dangerous. and the roads were very bad, so in order to expedite matters I purchased a horse and conveyance in Rat Portage, and sold them on my arrival at Emo.

I laid in my supplies at Emo, and secured assistants who had been employed on the survey of a number of other townships in the vicinity.

Owing to the season it was very difficult to pack in the supplies, as the snow was too deep to go without snowshoes and too soft to use them. For this reason I also had to pay the men higher wages in order to keep them.

I left Emo for the township on the 28th of March, and camped on the southwest corner of it on the night of March 29th, and continued at work surveying it out until the 10th of May, when I put in the last post, completing the field work.

I went back to Emo immediately, and paddled down the river to Boucherville, where the first boat from Rat Portage this season lay. Owing to low water it was unable to go up the rapids. I reached this boat on the morning of May 11th, having been nearly the whole night in the canoe and towing it along the rapids.

I arrived at Rat Portage on March 12th.

At the time of the year the survey was made I could not get Polaris at its greatest elongation, so I took it as near as possible, and allowed for the difference in Azimuth, which is very little for a couple of hours before or after, as the star moves very slowly then. My calculations are given in the field notes.

I used the standard time of our watches in taking observations at first when a minute or two of error in time would not affect the result, the star changing its azimuth so slowly when so near the elongation. these observations being taken very near the elongation. Later on I took the mean solar time from the sun at noon, when it was not clouded. and checked my watch by it, and in my calculations used the mean solar time, which differed less than a minute from the apparent solar time, which difference I allowed for as given in the Canadian Almanac. I got apparent noon by noting the time the standard of a string drawn from the centre of the end of the telescope, and the centre of the plate fell on the zero point of the instrument. The time in this way, checked with my watch, was within less than half a minute from day to day. This error in time would give but a few seconds error in azimuth, much closer than my instrument would read.

The rock does not crop out in the township except in few places: however, in the northeast corner of lot number one and two, concession six, there is considerable bare granite.

At the northwest angle of lot number three, concession three, there is an outcropping of hornblende gneiss.

The hill shown in the north of lot number twelve, concession three, is composed of bare trap rock.

All the outcropping but this last belong to the Laurentian formation. But this seems to be of the Huronian or Keewatin.

On the west side of lot number four, concession four, the magnetic needle varies very much, as shown by the field notes. Also in the north of lot number twelve, concession three, the needle turns south at one point.

All the land where poplar predominates is high clay land of very good quality. Where balsam, birch, balm of gilead, ash, and pine are found, the land is good for farming. Where spruce predominates the land is not good for working at present, but when it is drained it will be perhaps the best, owing to its richness. By examining the accompanying timber map, these different parts will be easily distinguished.

The land is all good rolling land except where spruce, cedar, or tamarac predominates, where it is level.

. The river La Vallie makes good drainage for the west half of the township, and it and the creeks that run into it will supply cattle and people on a great portion of this part.

Owing to the deep snow while I was engaged in the southeast part of the township, I, of course, could not note the small creeks, which, however, no doubt exist.

There is none of the timber dense enough to warrant separating it into a timber berth, but there is enough to be of great use to the farmers; in fact, the whole of the township is well wooded.

The accompanying field notes show very fully the details as to how the lines were run, and where posts were planted.

The lot lines were run north and south, and the concession lines east and west, astronomically.

I commenced the survey at the south east angle of the township at a point fifty links east of the post planted for the north east angle of Devlin, and retraced the north boundary of Devlin westerly, planting lot posts at the distance of one chain due north from said line, and marked them with the letter " R " for road on the south side, and the number of the lot on the east and west sides, and " Con. 1 " on the north side, until I reached the west boundary.

I ran the east boundary of the township from the southeast angle, north to the post planted by Mr. Niven at the northeast angle of the township, where there is an iron post set beside a spruce, post marked " VI M " on the east side.

In performing this survey my lines were well opened and blazed. I planted firmly in the ground at the front angles of the lots durable and substantial posts, taking care to mark with a proper marking tool the numbers of the lots on the east and west sides thereof, and the numbers of the concessions on the north side thereof. The concessions being single fronted, I did not mark anything on the south sides of the posts between lots one and two, three and four, five and six, etc., in any of the concessions, as these posts have no reference to the lots south of them, but form the starting point for their respective side lines, which will be drawn parallel to their several governing lines.

I did not lay out any concession or side road allowances, with the exception of the road allowance on the south side of the township which is provided for by the original survey of Devlin.

I have shown in my plan and field notes the intersection of the concession and side lines of the adjoining townships with the outlines of the township. I noticed the distance from the intersection of my north and south lines with Niven's line to his nearest posts, as will be seen in the field notes.

The regular lots have a depth of eighty chains and a width of forty chains, and contain an area of 320 acres each ; the lots are numbered from east to west from number one to number twelve inclusive, and the concessions from south to north, from number one to six inclusive.

I did not run the lines between lots numbers one and two, three and four, five and six, seven and eight, nine and ten, eleven and twelve.

In consequence of not leaving any allowances for roads there was a surplus over the width of twelve full lots : this surplus I divided equally between lots numbers eleven and twelve in each concession, such surplus was found by measuring to the surveyed line on the east boundary of the Township of Carpenter, and divided the balance into two equal portions and planted posts for lots numbers eleven and twelve accordingly. Concession six is deeper than the eighty chains and is the depth from the rear of the fifth concession up to the line run by O. L. S,, Niven in 1892, which forms the north boundary of the township.

An excellent site for a town is at the northwest angle of lot number eight, concession two ; and an excellent location for a road to be constructed is directly west from this point to intersect the road already running up north in the Township of Carpenter from Emo.

There is already a kind of road running south near this town site to Big Forks, on the Rainy River. It will be seen from the map that this latter road runs up north for a considerable distance.

Thus these two roads will give connection with both Emo and Big Forks, and they pass through the part of the township that will be just settled.

There is also a good road from Emo crossing lots numbers twelve, eleven, ten and nine, in the concession six, to a lumber camp as shown on my map.

There were no squatters in the township at the time of the survey.

All the land in the township is good agricultural land with the exception of the spruce swamps and cedar swamps which will be good some day when they are properly drained. These swamps, however, form a very small percentage of the total area of the township.

I have the honor to be, Sir,
Your obedient servant,

(Signed) M. W. HOPKINS,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

(Appendix No. 23.)

TOWNSHIP OF KINGSFORD.

District of Rainy River.

St. Thomas, Ontario,
November 2nd, 1898.

Sir,—I have the honor to submit the following report of the survey of the Township of Kingsford under instructions dated July 8th, 1898, from your Department;

This township is bounded on the south by the Township of Carpenter, on the west by the Township of Mather, and on the north and east by lines run by O.L.S., Niven, in 1892.

I commenced the survey at the southeast angle of the township where I found an iron and a wooden post. The wooden post, which I found lying on the ground, I replaced by a tamarac post properly marked. From this point I retraced the south and the east boundaries of the township. On the south boundary, I planted posts at regular intervals of forty chains until lot number eleven was reached. I placed the post between lots eleven and twelve, midway between the post between lots ten and eleven, and the post at the southwest angle of the township. On the east boundary, I planted posts at regular intervals of eighty chains until concession six was reached, all the land between concession five and the north boundary being placed in concession six. I afterwards ran the several concession lines due west astronomically from the posts planted on the east boundary and the side lines between lots numbers two and three, four and five, six and seven, eight and nine, ten and eleven, due north astronomically from their respective posts on the south boundary. I found the west boundary run as far as the post between concessions three and four of the Township of Mather. From this point I ran it due north astronomically until it intersected the north boundary where I planted a spruce post and an iron post marked according to instructions.

On each of the concession lines, the posts between lots number two and three, four and five, &c., were planted at the intersections with the side lines and marked with the numbers of the lots on the east and west sides and the numbers of the concessions on the south and north sides. The posts between lots number one and two, three and four, &c., were planted so as to give to lots numbers one, three, five, &c., an exact width of forty chains and marked on the east and west sides with the numbers of the lots and on the north side with the number of the concession. On the north boundary, posts were planted at the intersections with the side lines and marked with the numbers of the lots on the east and west sides and with "Con VI" on the south side. The iron posts at the four corners of the Township were marked with the word "Kingsford" on the side facing the Township. Stones, where obtainable, were placed around all the posts.

The township in the southeast part and in the northwest corner is well wooded with poplar, spruce, tamarac, birch, pitch pine, and a few cedar and white pine. The northwest half, excepting the north-west corner, has been burnt over and is now covered with small poplar, birch, spruce, tamarac and alder and willow bushes.

The township has, running through it, a number of small streams which are discolored by clay. In the township is found one lake which is shallow and is surrounded by low swampy land. The township is comparatively level, no hills of any large size occurring. The soil is principally clay loam and is well suited for agricultural purposes, except in the north east corner where the rock is very near the surface.

No indications of mineral were found in the township and the variation of the needle, which was about eight degrees, thirty-five minutes east, was quite regular throughout the township.

Moose, partridge and prairie chicken were seen and appeared to be plentiful.

There were no settlers in the township at the time of survey.

The plan, timber plan, and field notes accompany this report.

I have the honor to be, Sir
Your obedient servant,

(Signed) W. W. MEADOWS,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

Appendix No. 24.

TOWNSHIP OF MATHER.

District of Rainy River.

Sarnia, Ontario,
October 31st, 1898.

Sir,—I have the honor to submit the following report of the survey of the Township of Mather, in the District of Rainy River. made under instructions from your Department dated July 8th, 1898.

I proceeded to the north-east angle of the Township of Dobie where I found an iron post marked "D" for Dobie on the south-west and "C" for Carpenter on the south-east. From this post I ran the east boundary of the Township of Mather across the first, second and third concessions. After surveying the south-east portion of the township and returning to the east boundary I found that O. L. S. Meadows had already run the boundary across the fourth, fifth and sixth concessions as the west boundary of the Township of Kingsford. I therefore adhered to his line.

Having retraced the north boundary of the Township of Dobie I found the iron post at the northwest angle of Dobie. I removed this post fifty links west so as to leave the road allowance between the Townships of Tait and Mather one chain wide instead of one chain and fifty links and at each concession line posts for the west boundary of Mather were planted one chain east of the line run by D. L. S. Reid for the east boundary of Tait. Most of the posts on Reid's line were missing, having evidently been burned out. I planted an iron post at the northwest angle of the township, one chain east of the post at the northeast angle of the Township of Tait. This post and also the iron posts at the other angles of the township were marked "Mather" on the side next the township.

The regular lots are forty chains in width and eighty chains in depth containing 320 acres. The space between side line ten and eleven and the west boundary is divided equally between lots eleven and twelve which are over the regular width. The lots in the sixth concession are over the regular depth. Posts were planted at the front angles of all lots, marked with the numbers of the lots on the east and west sides and the numbers of the concessions on the north and south sides, excepting the posts on the line between lots numbers one and two, three and four, &c., &c., which have no mark on the south side.

The southeastern portion of the Township of Mather is thickly timbered with large spruce, tamarac, poplar, balm of gilead, cedar, and a few scattered pine. The rest of the township has been burned over except some scattered spruce and cedar swamps Much of the brule having been over-run by successive fires is nearly clear, but part is covered with small poplar and willows and part by dead spruce, cedar and pine, and windfalls. There is very little green pine in the township and it is too much scattered to be of much commercial value.

The township is well watered by the Pine river and the two branches of Sturgeon river and tributaries. There is one lake at lot number three concession six. The water in all creeks and rivers is discolored by the spruce swamps.

The land is level or slightly rolling with some scattered rocky hills. The soil is mostly a good clay loam, but there is a strip of sandy and stony land running from lot number nine in the third concession to the lake at lot number three in the sixth concession. The whole of the township is fit for agricultural purposes and especially for stock-raising and dairying.

Game is abundant including moose, prairie chicken, rabbit and partridge.

Blueberries, red raspberries, plums, and in the muskegs cranberries are plentiful.

The best way to open the township for settlement would be by constructing a road from Barwick to the south-west angle of Mather. From that point it could be easily extended east and north through a comparatively dry and open country.

Herewith are submitted general plan, timber map, and field notes.

I have the honor to be, Sir,
Your obedient servant,

(Signed) W. S. DAVIDSON,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

Appendix No. 25

MERIDIAN LINE.

DISTRICT OF ALGOMA.

TORONTO, ONTARIO, October 31st, 1898.

SIR :—I have the honor to submit the following report on the survey of a meridian line, extending from the north-east angle of the Township of Hodgins to a point on the main line of the Canadian Pacific Railway about three miles easterly from Dalton station, pursuant to instructions from your Department dated 8th July, 1898.

Leaving Toronto on 9th July I proceeded to Garden River station by way of Sault Ste. Marie A timber road, about twenty miles in length, leading from Garden River station to a camp known as "Headquarters," owned by the Sault Ste. Marie Power and Pulp Company and situated on the Goulais River near the centre of the Township of Hodgins, was utilized for transporting outfit and supplies for the earlier part of the work. At this point a second detachment of my party was met. they having come by canoe from Sault Ste. Marie by way of Batchawaung Bay and Goulais River.

The continuation of the timber road along the south easterly side of the Goulais River for a further distance of about five miles had been rendered impassable by reason of the destruction of its bridges by fire.

Arriving at the north-east angle of the Township of Hodgins on the evening of the 14th of July, I found the original spruce post marked "Hodgins" and "Con. VI." At the north side of this old post I planted a new cedar post marked "Hodgins" on its south-west side and an iron bar at the south of the old post similarly marked.

I retraced and opened out the irregular line forming the northern part of the east boundary of the Township of Hodgins southward as far as the north-west angle of the Township of Whitman, where I found an old post and planted an iron bar marked "Whitman."

From the north-east angle of the Township of Hodgins I ran due north, astronomically, planting a wooden post at the end of every mile and an iron post at the end of every third mile, in each case marking the number of the mile on the south side of the post. The wooden posts were made of the most durable timber to be found in the vicinity, and, wherever practicable, a mound of stone was erected about the post, and bearing trees marked and noted in the usual manner.

Where a mile terminated in a lake or river the posts were planted on the line on the nearest land and marked with the number of miles plus the number of chains and links.

Astronomical observations for the purpose of verifying the course of the line were taken whenever practicable, being at distances averaging about five miles apart. Details of these are appended to the field notes. The magnetic variation was generally uniform throughout, the average being between three and four degrees west of astronomic north.

Owing to the absence of navigable waterways and lakes of any great extent, considerable difficulty was met with below the Montreal River in transporting supplies for my party, numbering in all nineteen men.

Generally speaking, the country through which the line passes may be termed hilly, and in places almost mountainous. In the first twenty miles many hills, rocky but not precipitous, rise to a height of 500 feet above the level of the surrounding valleys, the country for a distance of from ten to fifteen miles on each side bearing a similar character.

From the twentieth to the eighty-third mile the altitude of the hills is not so great. The remainder of the line passes through a hilly region similar in character to that of the first twenty miles, but broken by the rocky gorges through which the Windermere River flows. The soil is principally sandy and stony, a very small portion being of value for agricultural purposes.

South of the Montreal River the prevailing timber is maple, yellow and white birch, white and red pine, spruce, balsam, tamarac and pitch pine, with occasional poplars and cedars. Ridges of hardwood, the trees being of large size, occur on the slopes of the hills, the soft woods predominating in the valleys. White and red pine of good quality form the prevailing timber in the twenty-first, twenty-second, twenty-third, twenty-fourth, twenty-ninth and thirtieth miles. Although the trees in the denser parts of these belts are not generally more than twelve to twenty inches in diameter, those in the more sparsely timbered areas reach a diameter up to forty inches. Nearly all the timber on this section of the line is green, occasional small patches of brule forming the exception.

Between the first crossing of the Montreal River and the north terminus of the survey the timber consists chiefly of small to medium sized spruce, white birch, poplar, pitch pine, tamarac and balsam of no great commercial value. Fire has recently overrun the forty-first, forty-second, forty-third, forty-fourth, part of the forty-sixth, the fiftieth to fifty-sixth (inclusive) and the north two miles adjoining the railway.

Mr. J. C. Kennedy who was attached to the party for the purpose of exploring and estimating the extent of the timber as far as practicable without impeding the progress of the survey, will doubtless furnish further details.

The line repeatedly crosses the Goulais river in the first ten miles, the various branches of the Batchawaung in the twenty-eighth to the thirty-seventh miles, the Montreal river in the forty-second to the fifty-first miles and Windermere river on the eighty-fourth mile. All these streams are very rapid, canoe navigation in the two first named being very difficult owing to the numerous "rapids."

The Montreal river where first crossed by the line is a fine stream of about five chains in width with a large volume of water, but abounding in falls and rapids in the vicinity of the line. I made a track survey of this stream from its crossing with our line in the fifty-first mile to its source and continued the survey over the water shed and along the canoe route to Chapleau, the whole being shown on the accompanying map.

Windermere River is a stream of clear water with varying width of one to three chains expanding into lakes. The rapids in the river proper are numerous, navigation thereon being not unattended by danger. No lakes of more than half a mile in breadth were crossed by the line.

The geological formations passed over were the Laurentian and Huronian, the latter being met with chiefly between the Batchawaung and Montreal Rivers.

The geology of the country will be specially reported upon by Mr. Charlton, who accompanied the party for that purpose.

Very little game of any kind was seen. In the Goulais and Batchawaung Rivers splendid trout were plentiful. Pike were caught in the Montreal River and white fish in the Windermere lakes.

A map and field notes accompany this report.

I have the honor to be, Sir,
Your obedient servant,

(Signed) T. B SPEIGHT,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

(Appendix No. 26.)

Haliburton, Ontario, December 28th, 1898.

Sir:—I have the honor to submit the following report on the survey of part of the boundary line between the Districts of Algoma and Nipissing, surveyed under instructions from your Department dated 14th May, 1898.

This line had been run in 1896 by me to a point 120 miles north of the northeast angle of the Township of Lumsden and marked by an iron post, and this post was therefore my starting point in the present survey.

I left Toronto on the 20th May going to Temiscamingue Lake via Mattawa by rail and thence to Haileybury near the head of that lake by steamer, from there by portage and lakes with six Peterborough canoes to Montreal River, thence up that river to Matachewan Lake and thence following the route I came out in 1896 to Night Hawk Lake and so on to my point of commencement, the journey from Lake Temiscamingue occupying two weeks.

My party numbered nineteen including Mr. Parks of Toronto University who went as geologist, and his assistant, Mr. Carter of the School of Practical Science.

I took with me sufficient supplies from Lake Temiscamingue to carry on the survey to Abitibi river, and sent those required for the remainder of the line to Lake Abitibi via the Hudson's Bay Company's route through the Province of Quebec from the head of Temiscamingue Lake.

Having started four men with canoes to get supplies ahead to different points and to bring along those forwarded to Abitibi Fort, I commenced at the 120 mile post on the 6th of June and ran north astronomically 180 miles to a point about four miles north of the Moose river, crossing the Abitibi river twice and the Moose river at a point about nine miles southwesterly of its junction with the Abitibi and about twenty-nine miles south west of Moose Factory.

The survey was given up on the 7th of October, at the 300th mile post, there being no time, owing to the approach of winter, to connect the line with Moose Factory as was intended.

The party returned along the line to the second crossing of the Abitibi river at the 289th mile and from there started on the homeward trip on the 10th of October.

The journey up stream was a laborious one the canoes having to be "tracked" or "poled" a great part of the way.

Newpost (H. B. Co's trading post) was reached on the 15th, passed the first crossing of river (179th mile) on the 21st and got to west end of Abitibi Lake on the 27th October.

Here we found the lake frozen and remained four days until the ice was strong enough to travel upon.

After three days travelling along shore and across points the lake again opened and having brought along two of our canoes and obtained two more from Indians, we reached the Hudson's Bay Company's Post at Abitibi on the 6th of November.

On the morning of the 7th the lake was again frozen over and we remained at the Fort till the 15th when we set out for Temiscamingue on the ice with ten toboggans and one sleigh drawing a canoe.

Having got away from Abitibi Lake and gone some distance up the Upper Abitibi river, we found it again open, so continued journey, canoing, walking on ice and in the woods along lake and river shores to within thirty miles of Temiscamingue, when all our outfit was abandoned excepting what could be carried and we continued the journey on foot, reaching the head of the lake on 24th November.

On morning of the 25th the head of Lake Temiscamingue was frozen over so walked to Baie de Pere, 25 miles by road, and on 26th reached Mattawa by boat and rail and Toronto on 28th.

I regret to say that one of our canoes, having got separated from the others in a fog on the 5th of November on Abitibi lake about midnight, struck a large piece of floating ice and went down shortly afterwards. An Indian half-breed from Lake Temiscamingue named Toussaint Hunter was drowned and the remainder of the party, five in number, had a narrow escape.

Abitibi river, as laid down on the maps, I found very much out in both latitude and longitude and it was consequently very misleading and caused considerable trouble in locating supplies Owing to this, much time was lost and we frequently ran short of food.

The line was well cut out and blazed and carefully measured, wooden posts were planted at every mile and iron posts every three miles marked with a cold chisel, "Nipissing" on the east, "Algoma" on the west, and the number of miles on the south following on in order from 120 to 300.

Bearing trees were also taken marked "B.T." and their course and distance from the posts noted. Stones were put round the posts where they could be found but there were very few to be had along the line.

It is worthy of note that of the 180 posts planted, 174 were tamarac, five of the remaining six being cedar and one pitch pine.

Where the end of a mile came in a lake or river the post was planted on the line on the nearest land and the distance noted. In these cases the iron post was marked with a plus or minus sign as the case might be.

Astronomical observations were taken frequently, the details of which will be found in the field notes.

The magnetic variation of the needle was generally about 10° west often very constant for long distances, but in some places, notably near Frederick House River, subject to change from west to east at short intervals.

Although I have stated that the line terminates at 300 miles, the end of a six mile block, as a matter of fact it terminates at the south side of a river about two chains wide, at 299 miles, 38 chains, 90 links. The last three miles were run by my assistant, Mr. Neeland, of the School of Practical Science, (this being his second year with me), on the 6th and 7th October, while I had gone to Moose Factory to get supplies for the home journey and another canoe for one that was wrecked in the Long Sault coming down the Abitibi River in July. The party struck this river in the afternoon of the 7th October and having left their canoe at the Moose River (not thinking it would be required again) had not time to get it and run to the end of the mile on that day, and had they remained over another day they would have had nothing to eat, consequently the 300 mile post was planted on the south bank of the river at 299 miles, 37 chains, 00 links, and marked "300 miles, – 43 chains." The party returned to Moose River that evening and the following day to Abitibi River.

GENERAL DESCRIPTION.

The line throughout its entire length passes through almost one unbroken level country or rather an inclined plane falling to the north, but so gradually as to be imperceptible to the eye.

Where streams are crossed the inequalities are simply gulleys, not hills, for although you may descend 20, 40, or even 80 feet in crossing them, an ascent on the opposite side of the same number of feet will generally bring you to the same plane as before, so that if the trees are cut out of the valleys you may look along the line for long distances and see no indication of a river intervening.

For over 100 miles from the point of commencement the line runs through a splendid tract of farming land, clay soil, often covered with black muck: parts of it might be called swampy and parts of it muskeg, but taken altogether I do not know many places in Ontario where a line can be run for the same distance through such an even, uniform good tract of land.

The best land and best timber is, of course, along the streams where the water can get off the land.

The soil being clay holds the water so that when one goes back from a river or creek the land is wet, but this would all be changed were the country cleared and the ordinary drains opened incidental to the settlement of a new country.

From about the 230th mile to the north end of the line the country is more swampy and often muskeg; indeed the clay, or what looked like farming land, is only in patches and one feels inclined to say that the whole country is worthless. Nevertheless along the banks of streams where the water has a chance to get away, as along the banks of the Abitibi and Moose and the islands in those rivers, the land and timber is good; also at Moose Factory (on Moose Island). The land where cleared is excellent.

Undoubtedly, however the country along the line and as far as could be seen from the line for 60 miles south of the Moose is of little value, being almost altogether muskegs: ponds and sloughs, in many places, covered to a great depth with spongy moss: some places almost treeless and the timber small scrubby spruce, and tamarac, slow of growth and tough as whalebone. Of course there are tracts that are ordinary swamp, with fair sized spruce and tamarac timber.

The country along the 7 miles of line between the Abitibi and the Moose and the 4 miles north of the Moose is generally swamp and muskeg, that only along the banks of the rivers being of any value.

TIMBER.

The timber along the whole line is chiefly spruce, tamarac being next in order and poplar where the land is dry, with white birch, balsam and balm of gilead. Very little cedar in the country, generally only a fringe along the rivers. The spruce is generally from four to five inches in diameter and thick on the ground.

In some places there is considerable scattering white spruce of large size, eighteen to thirty inches in diameter, notably along the 170th, 173rd, 174th. and 175th miles.

The tamarac is in many places of good size and fit for railway ties.

I saw no white or red pine from one end of the line to the other.

Saw a few trees at Abitibi Lake on my way home and there is likely to be some along the eastern boundary of Ontario, south of Abitibi Lake to the height of land.

The banks of the Abitibi River throughout its whole length, excepting a few burnt places, are well clothed with timber of all kinds natural to the country. I saw considerable pitch-pine along the Abitibi River but the line surveyed by me passed through very little.

The poplar timber is generally tall and from six to sixteen inches in diameter and sometimes larger.

WATER.

As will be seen by the plan there are no large lakes along the line.

I was told there is a lake of considerable size on the Little Abitibi River, east of the line, but at the time I crossed this stream on the 212th mile I did not know that it was the Little Abitibi and did not have any exploration made to the east.

The Abitibi River is a stream varying in width from five to ten and fifteen chains as a general thing, but often wider, and on the fifty miles before entering the Moose it is often half to three-quarters of a mile in width. The water is muddy and the current strong, often swift, and there are many chutes and rapids, some of them miles in length. In high water it is a fine river to go down but it is a difficult matter coming up. The banks are sufficiently high in all places to keep the water from flooding the country and in some places rise to 100 and 150 feet. As a rule they are clay and sand and occasionally gravel with a few rock exposures.

The line crossed this river at the 179th mile flowing west and at the 288th mile flowing east and about fifteen miles from the junction with the Moose, or about two miles up stream from a large red stone in the middle of the river known as "Red Rock"

The Moose River was crossed on the 296th mile where it was a mile wide, with an island 15 chains long with clay soil and large spruce and poplar timber in the centre. The banks are about forty feet high and high water mark about thirty feet over water level on the 5th October. The current was strong and the water shallow and muddy.

I went down the Abitibi from the line to the Moose and then down the Moose to Moose Factory on the 6th of October. The distance is about thirty-five miles. The time going was about seven hours and the water so shallow that considerable ingenuity was required to keep off the shoals and stones with a Peterborough canoe. The journey up stream took two days.

Porcupine River crossed the line flowing easterly on the 131st mile. It is about 1¼ chains in width and falls into Night Hawk Lake.

Frederick House River, as will be seen by the plan, drains Frederick and Night Hawk Lakes and falls into the Abitibi River. It comes within 3½ chains of the line on the 149th mile just below the three falls and crosses the line near the end of the 157th mile. It is about four chains in width and has a considerable volume of water.

The Little Abitibi River was crossed on the 212th mile and at the line was 2½ chains in width (perpendicular) and three feet deep with fast current. It flows northwesterly and falls into the main Abitbi River about twenty-eight miles above the line.

The west branch of French River was crossed four times as follows:

On the 225th mile, flowing west.

On the 231st mile, flowing east.

On the 247th mile, flowing west.

On the 268th mile, flowing east.

It was about four chains wide at the last two crossings and six feet deep, and joined the main French River about nine miles down stream, whence it flows into the Moose about ten miles southwest of Moose Factory.

There are numerous creeks crossing the line along its whole length, and therefore no scarcity of water in the country.

I may say, however, that it rained at least half the time during June, July, August and September, so that between the rain and the water in the swamps we were scarcely ever dry.

Very few exposures of rock occurred on the line.

A bed of gypsum about 1½ miles wide was passed over on the 276th and 277th miles. The surface of the ground was very uneven and full of deep holes and crevices. The water in this formation had a strong sulphur taste: was so hard that soap would not dissolve in it and it made bad tea.

Saw some lignite at Blacksmith's Rapids, on the Abitibi on my way home, but of this Mr. Parks will have something to say.

We got no fish to speak of during the season. The water, as a rule, was too muddy for trolling. Saw a couple of white porpoises in the Moose River about ten miles above Moose Factory.

There are no red deer in the country. There were signs of moose and caribou on the first 100 miles of the survey, but beyond that none. The 60 miles south of the Moose seemed to be almost entirely destitute of everything in the way of game. A few, and only very few, partridges along the river banks. A flock of forty prairie chicken were seen on the 242nd mile in a level, open, grassy part of the country. There were very few ducks on the rivers. A few wild geese were seen flying about on Moose River, but being hunted so much by the Indians it is impossible to get near them.

Beaver were frequently met with along the line chiefly from the 180th to the 230th mile, their ponds often being troublesome to get across.

The Hudson's Bay Company's post of Moose Factory is said to have been established over 200 years ago, and has a population of about 500 when the Indians return from their hunting in the Spring, but at the time of my visit they were nearly all away, there being only besides the Bishop of Moosonee and his family, the Hudson's Bay Company's officers and employees there.

The post is in charge of Chief Factor W. K. Broughton, who has been 30 years in Canada.

The Company have quite a number of buildings including a good store, and goods can be purchased at very reasonable rates, everything coming in by the ship which arrives from England in August, and anchors in the Bay about ten miles from the Factory. The goods are then brought to the Factory by smaller vessels.

Chicago pork and Manitoba flour that has been twice across the Atlantic, sell there the former at $27.00 per barrel, and the latter at $10.00.

The Company keep a number of cattle, well-bred animals, and rolling fat. They are fed in Winter by hay cut from meadows six or seven miles down stream.

The cleared land is clay and produces good crops and all kinds of vegetables were growing in the Bishop's garden when I was there on the 7th of October.

The tide water rises at Moose Factory from three to fourteen feet according to the direction of the wind on James' Bay.

New Post on the Abitibi 130 miles from Moose Factory is a post of the Hudson's Bay Company that was established about thirty years ago. Only the officer in charge, Mr. Jobson, and two men are kept there.

Abitibi on Lake Abitibi is an old post, established over 100 years ago. Mr. Skine is the officer at present in charge. A clerk and a number of employees are kept, and between 3 and 400 Indians are said to be there in Summer.

Our first snowfall was on the 5th of October, about three inches fell and lay on the ground two days.

Coming up the river, about 18 inches fell on the 25th and 26th of October. This thawed away to some extent but we were never again free from snow till we reached Temiscamingue where we found very little.

The line, if produced north of the 300 mile point about twelve miles, would be, according to the latitude, due west of Moose Factory, and the distance to the Factory probably about twenty miles.

In conclusion I have only to say that the Hudson's Bay Company's officers rendered me every assistance in their power and but for their kindness at Fort Abitibi the party would have fared much worse than they did.

Herewith are full returns of the survey.

I have the honor to be, Sir,
Your most obedient Servant,

(Signed) A. NIVEN,
Ontario Land Surveyor.

The Honourable J. M. Gibson,
Commissioner of Crown Lands,
Toronto.

(Appendix No 127.)

REPORT
OF
THE SUPERINTENDENT
OF
COLONIZATION ROADS.

To the Honorable J. M. Gibson,
Commissioner of Crown Lands,
Ontario.

Sir,—I have the honor to submit the annual report of roads and bridge works. conducted under the superintendence of the Colonization Roads branch of your Department in the year 1898, including Mining Roads made and improved during the same period.

One hundred and thirty-five miles opened; six hundred and seventy miles repaired and generally improved; and four thousand three hundred and seventy-four lineal feet of bridging represents the work in connection with Colonization Roads; and of Mining Roads thirty-six miles have been constructed and twenty-seven miles repaired, with some bridging. The works are as follows:—

COLONIZATION ROADS.

NORTH DIVISION.

Balfour Roads.

The extension and improvement of the following roads in Balfour namely: half a mile opened from the boundary between Balfour and Rayside, from concession 1 north: four miles of roughly opened roads graded from lot 2, concession 2 west to lots 4 and 5, thence south one mile, and from the latter point west two miles to lots 8 and 9. A mile and a half was also improved of the Larchwood Road from lot number 2 westward, between concessions 3 and 4.

Base Line Road.

Rather above a mile of very extensive repairs on this road, which is between the townships of Korah and Awenge, and the work across the south side of section 36 Korah.

BIDWELL AND GREEN BAY ROAD.

A road on Manitoulin Island, graded and ditched from the road allowance between concessions 2 and 3 of Bidwell, through concessions 3 and 4, and westward between concessions 4 and 5 to lot number 10, two and a quarter miles.

BIRCH LAKE ROAD.

Two miles and a half well graded and ditched from lots 6 and 7, and centre of concession 6 westward to lots 11 and 12 in the township of Hallam.

BRIDGE NORTH OF BLIND RIVER.

A bridge situated about the centre of lot 1, concession 1, township of Cobden.

It is a floating bridge 436 feet long and has been renewed as to stringers and cross timbers with a considerable quantity of new planking.

BRUCE MINES AND DESERT LAKE ROAD.

A road opened to connect with the established Government road in Coffin township. It is more than a mile and a half in length, begun between lots 10 and 11 Plummer and made northward across the boundary of Coffin to the centre of lot 10, con. 1, of the latter township. Sixty rods of repairs were also made on the old road.

BURRIS ROAD.

From the townline between Carpenter and Burris township two and one-eighth miles were opened east between concessions 2 and 3 of the latter township for the purpose of developing agricultural interests and assisting the settlers.

CAMPBELL 6 CON. ROAD.

Two miles of new road opened from the 25th side road of Campbell west to its boundary and across lots 1, 2 and 3 of the township of Mills.

CARNARVON 25 AND 26 SIDE LINE ROAD.

This work was opening the side line named through concessions 1 and 2 to connect with Mindemoya and West Bay road, and thus giving to settlers a good highway to Little Current, their market.

CARPENTER 8 AND 9 ROAD.

A road opened from the south boundary of Carpenter north between lots 8 and 9 two miles, thence between concessions 2 and 3, three miles were opened east to Burris township uniting with Burris road and described under the latter title.

CLARK'S BRIDGE.

A bridge over Thessalon River in the township of Lefroy which was repaired, involving the substitution of a new sixty foot truss, and done at the marvelously cheap cost of $149.89.

COFFIN 3 AND 4 CON. ROAD.

From the point between lots 10 and 11 this road was extended west 240 rods, thence south 120 rods, thence west 80 rods, thence south 40 rods, and continued 180 rods further to the travelled Government road; and of which, sixty chains were graded and ditched, and thirty chains chopped and grubbed.

CROZIER AND LASH ROAD.

From its intersection with Woodyatt road to the northeast corner of sec. 1, township of Lash, forty-eight chains were graded; and from thence sixty-two chains of ditch made west. There was also 5,800 feet of ditching done especially for drainage purposes.

CROZIER ROAD.

This road leaves the Crozier and Lash road at the southeast corner of section 10, Crozier, and was made from thence north one and three-quarter miles.

DESBARATS ROAD.

A road opened as follows:—Commencing at a point 225 feet north of Desbarats station, in the township of Johnson, and from thence west thirty-six chains; thence south fourteen chains to railway crossing, and thence in a southwesterly direction twenty rods to the northwest angle of No. 44 Desbarats location.

The whole length, nearly a mile, was chopped and graded, and a short road opened from the northeast corner of lot 55 of the above location to a proposed dock.

DOBIE 1 AND 2 CON. ROAD.

From the town line between Dobie and Shenston nearly two miles were opened east on the concession line mentioned to the Indian Reserve.

DOCK REPAIRS.

At Emo the dock was repaired and extended twenty-five feet into Rainy River for the improvement and better accommodation of steamers and navigation generally.

EADE'S MOUNTAIN ROAD.

The repair of two seriously bad hills: one being between lots 25 and 26, extending through concessions 7 and 8, the second across lot 5, between concessions 6 and 7, all in the township of Howland, and representing a mile and a half of grading.

ECHO BAY ROAD.

Work was begun at the n.w. corner of section 17, township of Laird, from whence half a mile was chopped out north to centres of sections 7 and 8 and ditched on one side, making a good winter road.

Echo Bay station is, however, not yet reached, which the inspector states is very desirable in the interests of that district.

GALBRAITH 2 and 3 CON. ROAD.

This work is across lots 5 to 8 inclusive and a continuation of last year's operations, about one half the whole two miles being new work, and the balance grubbing and grading.

An off-take drain 44 rods long has been opened which it is said will bring into use 2,000 acres of good land heretofore flooded and useless for agricultural purposes.

GRASSY RIVER ROAD.

General repairs were made over two miles from the s.e. corner of section 1, Nelles township north on the town-line between Nelles and Patullo, effecting substantial improvements.

HAUGHTON ROAD.

A mile and a quarter opened between lots 10 and 11 through concessions 4 and 5 of the township of Wells.

It was through heavily timbered country, and at the same time rocky, making it a difficult section to construct.

HUGEL AND BADGEROW ROAD.

Nearly a mile constructed on this line through a heavy swamp.

HUGEL ROAD.

From the line between lots 1 and 2 Hugel, work was continued west about half a mile, thence north on the line between lots 2 and 3, through concessions 1, 2, and 3, ending on concession 4, making a length of three miles and a half of largely new work, as the location was but a trail, scarcely passable.

The road serves a large number of settlers in and about Deer Lake.

INDIAN POINT BRIDGE.

A bridge across the narrows between Lake Wolsey and Bayfield Sound, of the Georgian Bay, and stretching between "Indian Point," in the township of Gordon, to the nearest opposite shore in the township of Mills on Manitoulin Island.

The total length of the bridge when completed will be 1,720 feet, of which over 1,300 feet are now finished, with almost sufficient timber upon the ground for the balance of the bridge.

The structure is made of cedar timber about 12in. diameter, with cross ties every 6 feet, and firmly bolted. This crib work has an average height of about 6 feet, and is filled with stone to within 8 inches of the top, when gravel is used, making a solid, smooth, and permanent roadway.

The Dominion Government voted $3,000 towards this work, which was spent under direction of this Department.

IRON BRIDGE AND DEAN LAKE STATION ROAD.

Some four or five miles of general repairs from the Ferry crossing of Mississaga River, in the township of Thompson, to the iron bridge in the township of Gladstone.

The roadway of the bridge mentioned was also renewed, representing about 7,000ft. B M. of planking.

JACK'S BRIDGE.

A bridge situated at Jack's rapid—s.e. corner of sec. 9 township of Lefroy—which has been entirely renewed with a clear bridge span of 50 feet, and with approaches making a length of 100 feet.

The greater part of the work was voluntary labor by the settlers, the Government grant of $50 being for the purchase of plank and assistance in erecting the truss.

JOHNSON 6 AND 7 CON. ROAD.

One mile of road was opened on each of the above concessions, and partially graded, to give an outlet for settlers on " Hinck's Location."

KAMINISTIQUIA BRIDGE.

This work was the renewal in a somewhat temporary manner of 132 feet which had been destroyed by freshets; and replanking 323 feet of the other portion, making the bridge fully available for general traffic.

KEEWATIN BRIDGE AND PIERS.

In 1896 work in connection with this bridge was begun, but for reasons mentioned in my reports of that and the following year, was not completed until the present season.

The main structure, which I described two years ago, is satisfactory in all respects, and the entire work in connection with bridge, piers and roadway has, I believe, met with general approval.

KILLARNEY AND RUTHERFORD ROAD.

This was the renewal of work done 15 years ago, through the settled portion of the township of Rutherford. The length of the work is 1,560 feet.

LEE'S ROAD.

From Spanish River ferry, lot 10, con. 4, Hallam, half a mile was opened to connect with work of last year. Another half mile was opened from con. 1 on boundary of Hallam and May. These roads are in the centre of a large settlement.

LITTLE CURRENT AND SHEGUIANDAH ROAD.

The repairs of three very bad hills between Sheguiandah and the 2nd and 3rd concessions of Howland, representing a mile and a quarter of excellent work.

McDONALD AND LAIRD BOUNDARY ROAD.

This work was commenced at the Government road at n.w. corner, sec. 4, Laird, working from thence east three miles; one-half of which was repairs and the balance new work.

McINTYRE ROAD.

A road opened from lot B in the township of McIntyre, south easterly to lot 19, and between concessions 4 and 5 of Neebing, and from thence eastward along the last named concession line, the length opened being three and a half miles.

MISSISSAGA AND BLIND RIVER ROAD.

Four miles of general repairs between Blind River village and Mississaga River, including repairs of the west branch of the Blind River bridge.

The road being in many places low and wet, was gravelled over one mile of its length, showing good work for the expenditure of $300.

MUDGE BAY ROAD.

Through concessions 6 to 8 of Billings, a mile and a quarter of practically new road was opened, as the trail previously used was very bad, and upon a wrong location.

OLIVER TOWNSHIP ROADS.

Work in this township consisted chiefly in gravelling through swamps and low lands, amounting to six miles. Owing to unfavorable weather only about half the appropriation was spent, and a re-vote of the unspent sum has been requested.

OTTER TAIL BRIDGE.

This bridge, 204 feet long, had four new stringers throughout, with a new 40-foot span, new covering and hand rail.

PARKINSON ROAD.

From concession 5 of Gladstone north between lots 4 and 5, to and into concession 2, Parkinson, three miles were ditched and graded making now an excellent road.

PATTON AND DEAN LAKE STATION ROAD.

Three miles of work between lots 10 and 11, concession 3, Patton north, to the southern boundary of sections 5 and 6, Thompson, connecting at the latter point with Mississaga River road.

PENNEFATHER AND VANKOUGHNET ROAD.

Through section 36 of the township of Pennefather a mile of road, 50 feet wide was opened out, close cut and grubbed generally 20 feet wide. Owing to the isolated position, work was done at more than the usual cost, but the necessary supply of blankets and other requisites may be used again for this or other roads.

PORT FINLAY ROAD.

Two and a half miles of ditching and repairs between Port Finlay and McLennan P.O., with one hundred rods of off-take drain, making now an excellent road.

PRINCE TOWNSHIP ROADS.

Work was done upon several portions of roads in this township, aggregating half a mile of new, and two miles of repairs. The whole work is reported as very satisfactory.

RAINY RIVER ROAD AND BRIDGES.

Between lot 17, river range, in the township of Woodyatt, to the west side of lot 32, in the same township, nearly two miles were improved; and again, from the west of lot 43, river range, in Lash, to and into the Indian Reserve to the west, two miles were brushed, grubbed and graded.

More than a mile was also properly grubbed and graded, in the township of Dilke, from lot 31, river range, westward.

Of bridges, four over Lavelle River were very substantially renewed and repaired, representing 340 feet in length.

RAYSIDE ROADS.

Four miles of repairs were made in the above named township and a pile bridge, 90 feet long constructed, the latter being on the 5th concession on East Rayside road.

SHENSTON AND DOBIE TOWNLINE ROAD.

On this line a mile and a quarter was opened north from the line between concessions 1 and 2, and 24 chains graded.

SPANISH RIVER AND KENABUTCH ROAD.

A new portion opened from southwest corner of section 34, Sheddon, across section 34 and to centre of section 35, the place of the proposed crossing of the Canadian Pacific Railway.

SUDBURY AND WHITEFISH ROAD.

About four miles of repairs from the boundary between Snider and McKim westward.

ST. JOSEPH ISLAND ROADS.

On the 15 and 16 side line, west of con. I, to F and G line, five-eighths of a mile of that chopped out last year, was graded, and on A line a road was opened up across lots 51, 52 and part of 53.

On K line nearly a mile was opened across lots 20, 21, 22 and an 80 rod jog; also half a mile chopped, 50 feet wide, on the 20th side line from "Irwin's" school house on concession 1, eastward; and lastly, half a mile of repairs were effected on P line across lots 22 and 23, making altogether two and five-eighths miles of new road opened and over one mile of improvements.

TARBUTT MILL ROAD.

The repair of six miles between McLennan P.O. and Desbarats Station Road.

VICTORIA AND SALTER TOWNLINE ROAD.

From the railway crossing on the above townline half a mile was graded north, and half a mile chopped out through concession 3.

Again from the southwest angle of section 36 a mile and a half of very bad road to section 31 on Massey and Walford road; also from between sections 37 and 38 Victoria eastward to lot 20, broken front of Salter, two miles were well and properly ditched.

WEST BAY AND MINDEMOYA ROAD.

A mile and a quarter opened through concessions 2 and 3 of Carnarvon on the road allowance between lots 5 and 6, connecting with the Gore Bay and Providence Bay road, and upon which latter half a mile of improvements were made.

WEST DIVISION.

AH-MIC ROAD.

A short road for the purpose of letting settlers out to Ah-mic Harbor, and is from lot 19, concession 2, Croft, about the lake shore through lot 20, concession 2, and lot 21, concession 3, towards the harbor.

BALA ROAD.

Repairs from Bala two miles westward in the township of Wood towards the Oka Indian Reservation.

BAYSVILLE AND HUNTSVILLE ROAD.

Three miles and a half of improvements from the town line of Chaffey south to concession 6, Brunel. The municipality of Brunel spent $100 in continuing repairs.

BETHUNE AND PROUDFOOT T. L. ROAD.

The ditching and grading of three-fourths of a mile across lots 16, 17 and 18, which was a low, flooded section, requiring an off-take drain 80 rods long to make and keep it permanently dry.

BRACEBRIDGE ROAD.

Between the townships of Draper and Macaulay, from lot 10 and extending to lot 26, three and a half miles have been improved and the road put into very good condition.

CARDWELL ROAD.

A deviation of nearly a mile about a hill for the purpose of making an available road for an Icelandic settlement. The work was from lot 61, concession B of Parry Sound Road survey eastward.

CARLING TOWNSHIP ROAD.

The repair of three-quarters of a mile between North West road and Carling cheese factory, situate about lot 9, concession 1, township of Carling.

CHAFFEY 30 AND 31 SIDE LINE ROAD.

This work, which is new, was begun at concession 13 and opened southward through concession 12, and part of concession 11, two hundred and seventy rods altogether, most of which was graded, and in which were fifty rods of crosswaying.

CHAPMAN AND LOUNT TOWN LINE ROAD.

This was partly new work and partly repairs—the new being from the town line of Strong westward half a mile to connect with last season's work, and the repairs a mile and a half of the westerly portion of the town line.

DALTON AND WASHAGO ROAD.

Repairs over nearly five miles from lot 1 to lot 18 Dalton, with another mile and a half of improvement upon work done last year.

DEE BANK AND UFFORD ROAD.

Three miles of substantial improvements from Dee Bank road towards Ufford.

DRAPER ROAD.

Beginning at the town line of Ryde and extending south via McLean's corners, five miles have been improved and put into good condition.

FOX POINT ROAD.

The opening of a new road in the township of Franklin from lot 10, concession 8, angling through lot 11, concession 8; lots 12 and 13, concession 7, and lots 14 and 15, concession 6.

The length is three miles, through a sandy district and light timber.

FRANKLIN AND PENINSULA LAKE ROAD.

This road has been opened through lots 26, 27 and 28, concession 12, Franklin, somewhat over one mile. In addition to the above a mile and a half of repairs were made from Portage road to lot 26, and twenty rods were opened on the town line between Franklin and Brunel.

The road is made as a more direct line through the district to Huntsville by way of Casselman's Mills from Trading Lake and will be—it is reported—a great advantage to both settlers and travellers.

GOLDEN VALLEY ROAD.

A continuation of work from that of last season, lot 25, concession 9 Mills, two miles toward Loring, the work being of a heavy and permanent character.

GURD ROAD.

The opening of some sixty rods about two very bad hills, almost impassable for teaming purposes.

HIMSWORTH 15 AND 16 SIDE LINE ROAD.

A mile of this side line was opened in concessions 9 and 10 to enable settlers in the 7th and 8th concessions to reach Powassan, their market.

HIMSWORTH 5 AND 6 SIDE LINE ROAD.

A mile and a quarter opened through concessions 7 and 8.

One hundred rods of grading was also done through a flat portion of the same side road in the 10th concession.

HIMSWORTH AND CHISHOLM T. L. ROAD.

Three-quarters of a mile of work through a very heavily timbered section.

HOODSTOWN BRIDGE.

The renewal of a bridge destroyed by fire last season. It is 95 feet long with main truss of 40 feet, resting upon piers 14 feet high filled with stone.

INDIAN PENINSULA ROADS.

Improvements were made over the main roads through the various townships of this North Bruce Peninsula, namely, Albermarle, Eastnor, Lindsay and St. Edmunds, and represents 14 to 15 miles of work on the two chief and only highways known as East road, and West (or Bury road).

JOSEPH RIVER BRIDGE.

The re-building of a structure erected many years ago and entirely worn out. The present bridge is 359 feet long composed of 14 bents and two piers, with the necessary opening for navigation.

JUNCTION NO. 2 ROAD.

Two portions of this road were repaired between Rosseau and Maple Lake station of the O. A. & P. S. Railway, making a very fair highway between these points over which a mail is carried daily.

KEARNEY STATION ROAD.

This was the permanent filling in of a low swamp opposite lot 34, con. 10, of Perry, the entire length being 900 feet and protected for the most part by a hand railing. It is the only road to a railway station for a number of settlers.

KELLY'S SWAMP ROAD.

The improvement of a swamp opposite lots 33 and 34, between concessions 4 and 5 of Gurd.

LORIMER LAKE ROAD.

Between the north town line of McDougall and Lorimer Lake three and a half miles were improved, or as far as the appropriation would permit.

McDOUGALL ROAD.

Two miles of repairs continued from last year's work—lot 15, between concessions 2 and 3 northward—and is of much advantage to settlers.

McKELLAR CENTRE ROAD.

The repair of three miles from concession 2 northward. It is the main highway to Edgington and railway station.

MACAULAY ROAD.

Over a mile of a rough section from Dorset westward was substantially improved.

MACHAR ROAD.

The opening and completion of a mile and a quarter through a heavily timbered and rough section on the road allowance between lots 5 and 6, from concession 10 northward to connect with Trout Creek road.

MAGANETAWAN BRIDGE.

A bridge 133 feet long with main opening of 36 feet. The two main piers are 19 feet high, 18 feet x 9 feet filled with stone. It is over Maganetawan River near Burk's Falls and is in lieu of that on the Muskoka road which was entirely unsafe and has been abandoned.

MAGANETAWAN AND AHMIC HARBOR ROAD.

One mile of very heavy work from that of last season to Ahmic Harbor, with lighter repairs eastward over several other portions. There was a large amount of stone filling, and 22 culverts were put in, besides a good deal of planking.

MAPLE ISLAND BRIDGE.

The covering and repair of this bridge which is over Maganetawan river, on the northern road in Hagerman. The length was 134 feet.

MILLS AND GOLDEN VALLEY ROAD.

A mile and a half opened through heavily timbered land with grubbing and light grading through concessions 3, 4 and 5 of Mills township, and angling through lot 2, con. 3; lot 2, con. 4, and lot 1, con. 5, and thus with last year's work forming a connection with Golden Valley road and Northern road on con. 1.

MILLS AND WILSON ROAD.

This was the chopping out and grading of two and a half miles from Lot 18 to lot 7, between concessions 2 and 3 of Hardy. A good deal of crosswaying was done and a 250 feet log bridge built, making a large amount of work represented for the grant.

MORRISON LAKE ROAD.

Repairs from about lot 30, con. 12, Wood township, extending two miles for the benefit of some settlers in a rough section of country.

MUSKOKA ROAD.

From South Falls southerly three and a half miles were very substantially improved, and in the township of Stephenson four miles from the town line of Macaulay northward to concession 8.

NIPISSING 6TH CONCESSION ROAD.

Nearly half a mile was opened through a dense swamp, on or about lot 25, and about six miles were repaired from Sharpe's corners in Himsworth northward towards South East Bay of Lake Nipissing.

NORTH WEST ROAD.

Bridge repairs costing $67.56.

NORTHERN ROAD.

Between Dunchurch and Maple Island, a mile and a half of a very rough portion was much improved.

OTTER LAKE ROAD.

Nearly two miles of repairs were made commencing at the 6th concession of Foley and extending southward, making a passable way to the Parry Sound Road,

PARRY SOUND ROAD.

About two miles of repairs towards Parry Harbor. The Municipality of Foley spent $100 on this same portion with a view to permanent work.

PENINSULA ROAD.

Repairs from concession 6, Humphrey southward a mile and a quarter through a very rough section, but the only outlet for settlers in the south portion of the township.

PERRY 5 AND 6 SIDE LINE ROAD.

The opening of a mile and a quarter through concessions 9 and 10.

PERRY AND CHAFFEY ROAD.

From the ending of last season's work nearly a mile and a quarter was opened south from the shore of Fish Lake between lots 25 and 26 of Chaffey to the centre of concession 13. It was a rough stony section requiring nine large cedar culverts.

RAINY LAKE ROAD.

From con. 11 McMurrich to con. 4 Ryerson, four miles have been well improved. Settlers gave labor to the value of $25, and the township of Ryerson also spent $25 for the betterment of the road.

ROSSEAU RIVER BRIDGE.

A new structure 95 feet long with a main opening of 45 feet and two of 18 feet built over Rosseau River on Parry Sound road in Cardwell township.

RYDE CENTRE ROAD.

Three miles of repairs as a continuation of last year's work—concession 3 Ryde—northward. Some deviations were made to avoid rocky portions.

RYERSON 8 AND 9 CON. ROAD.

A winter road four and a half miles long was chopped out 36 feet wide beginning at lot 11 between concessions 8 and 9, thence west on road allowance to lot 18, thence angling through lots 18, 19 and 20, concession 9, and 21, 22. 23 and part of 24, concession 10, thence on road allowance to where road was built to lot 33, concession 10, and thence angling through lots 33, 34, and through lot 74 Nipissing Road survey, township of Spence to connect with Ahmic Lake road, and thus permitting winter traffic between Burk's Falls and Ahmic Harbor.

SINCLAIR 15 AND 16 SIDE LINE ROAD.

A mile and a quarter opened on the side line named between concessions 5 and 8; with slight deviations into lot 15, concession 7, and also on lot 16 in the same concession to obtain a proper creek crossing.

SINCLAIR AND FRANKLIN ROAD.

This work was the opening and grading of one mile from lot 7 to lot 12 on the town line indicated, and the inspector says it is a valuable piece of road to settlers.

STISTED ROAD.

Eighty rods of crosswaying through a muskeg, opposite lots 2 and 3 on the 12th and 13th concession line of Stisted.

STRONG 30 SIDE LINE ROAD.

Repairs from concession 4 to concession 9 of this side line, a length of two and a half miles, and reported as exceedingly good work.

WESTPHALIA ROAD.

From Trout Creek eastward two hundred rods were opened requiring 72 rods of solid stone work over a hill which could not be avoided, and 46 rods of crosswaying through a muskeg.

On the same road between lots 15 and 30 of Gurd, two miles of repairs and improvements were effected putting the road into a generally good condition.

EAST DIVISION.

ABINGER AND MILLER T. L. ROAD.

From lot 30, township of Miller repairs were made northerly on the town line two and a half miles, improving, levelling and grading the road bed.

ADDINGTON ROAD.

Ten miles of repairs from Kaladar Station of the C. P. R'y. northward.

ALICE 25 AND 26 SIDE LINE ROAD.

The repair of a mile and a quarter from the road allowance belween concessions 12 and 13 northward. It was low land requiring raising and gravelling in many places.

ALICE 10 CONCESSION ROAD.

From lot 16 to lot 24 two miles of repairs. Hills were reduced in grade and the road opened to a greater width and improved generally.

ANSTRUTHER ROAD.

Ten miles improved from lot 34 concession 2 to lot 38 concession 13. A bridge over Eel's Creek was also renewed.

ANSTRUTHER AND CHANDOS ROADS.

Altogether seven miles of substantial repairs were made in the townships stated, namely:—from lot B Chandos Block east to the boundary of Chandos, two miles: across lots 1 and 2, concession 3, and concessions 4 and 5, two miles; through lots 13, 14 and 15, concession 12, a mile and a half: and in Anstruther, through lots 28 and 29, concession 1, half a mile; across lots 36 and 37, concession 2, half a mile, with some improvements on intervening lines to complete the length mentioned. The above are mostly cheese factory routes, the present important industry in that locality.

ASHDAD AND MT. ST. PATRICK ROAD.

From the Kingston and Pembroke railway station easterly four miles were improved, including new culverts, bridging and general widening of the road.

ASHDAD AND RENFREW ROAD.

A cheese factory road opened from Ashdad and Springtown road northeastward a mile and a quarter.

BANGOR 15 AND 16 SIDE LINE ROAD.

The repair of three sections namely :—from Peterson road north to concession 9 three miles, and southward from the same road a mile and a half; and again from concession 9 westward three-quarters of a mile.

BALSAM RIVER BRIDGE.

A bridge in the township of Fenelon over Balsam river, lot 31, concession 8. It spans the Trent Valley Canal and has been renewed at a cost altogether of $4,000 to $5,000. Nearly $1,000 of this sum was borne by the municipality, the balance having been given by the Dominion Government less the $200 contributed by this Province.

BARRY BAY ROAD.

Repairs from lot 3, concession 9, Fraser westward two and a half miles.

BARRY BAY AND PAUGH LAKE ROAD.

The improvement of a rough road or trail two miles long which had been opened by settlers, and is from Free Grant, lot 170, Opeongo Road northward towards Paugh Lake in the township of Sherwood.

BARK LAKE AND BARRY BAY ROAD.

Four miles of general repairs from one mile west of Barry Bay westward.

BEDFORD ROAD.

From lot 15, concession 12, Bedford, repairs were extended westward to Desert Lake road—five miles.

OBCAYGEON ROAD.

General improvements over six miles from Kinmount south to what is known locally as Limestone hill.

BONFIELD AND BOULTER ROAD.

This was the opening of a road from the line between concessions 2 and 3 of Bonfield into Boulter between lots 30 and 31 and westward to lot 29, two miles of excellent work.

BROMLEY 2 AND 3 CONCESSION ROAD.

A mile and a quarter thoroughly improved. A bridge over Stonge creek was also rebuilt.

BUCKHORN ROAD.

From Hall's bridge northward twelve miles were improved, and from the Monck road northward to the boundary of Dysart eight miles, were also repaired.

BURLEIGH ROAD.

Repairs from lot 34, concession 1, Anstruther, south through the township of Burleigh and into Harvey to within half-a-mile of Burleigh Falls—seventeen miles.

BOSKUNG BRIDGE.

This bridge has a length of 600 feet over all with a main truss span of 72 feet and another of 40 feet, the balance being trestle work and permanent filling. It is on the Peterson road between Stanhope and Minden. The work is represented as in all respects satisfactory.

BYRNE'S LINE ROAD.

This is a mile of road opened as an approach to a bridge built last year over Burnt River in the township of Somerville, and is from lot 5 to lot 8 on the line named.

CALVIN ROAD.

Somewhat over a mile of substantial improvements made on this road between lots 30 and 31 Mattawan.

CALDWELL NO. 3 ROAD.

Two and a half miles opened from lot 3 concession 3 Kirkpatrick west to lot 7, both lots inclusive. An extension of this road southward is desirable the inspector says, to develop some fertile lands.

CAMERON ROAD.

From Concession B., township of Cameron, between lots 10 and 11, almost a mile and a quarter was opened. Two small bridges were built over Bennett's Creek and half a mile on town line between Papineau and Calvin was constructed

CARLOW ROAD.

The repair of six miles from near the north boundary of Carlow southward.

CASHEL ROAD.

This road was extended a mile and a half in a northeasterly direction from Tudor road at lot 19, concession 8, Cashel.

The settlers had cut it out as a winter trail, and though now made passable for waggons is not yet a first-class highway.

CAVANDISH ROADS.

From lot 14, concession 9, two miles were opened westward to the west side of lot 12, and between lots 8 and 9 of concessions 12 to 14, a mile and a quarter was constructed. Again on lot 3, concession 18, a deviation of 110 rods was made about some steep and heavy hills.

CHANDOS ROADS.

In the Township of Chandos there was a mile and a half of construction and three and three-quarter miles of improvements as follows: From lot 23, concession 4, a deviation of half a mile to avoid a heavy hill about the shore of Loon Lake—one mile on the boundary of Chandos and Anstruther; three-quaaters of a mile on lot 22, concession 10; half a mile across lots 14 and 15, concession 10; one mile of repairs on lots 8 and 9, and a mile and a half from lot 8 to lot 14.

CHEMUNG LAKE ROAD.

Two miles of work from lot 18, concession 8, Smith, to lot 24. The road is a direct line between Lakefield and Chemung Lake and up to the present was not passable. The County of Peterboro' and township of Smith contributed $50 each, a sum equal to the government grant.

CHEDDAR ROAD.

Four miles opened between Cheddar and Wilberforce of the Irondale, Bancroft and Ottawa railway, beginning at lot 11, concession 13, Cardiff, and ending on lot 33, concession 10, Monmouth.

CHISHOLM ROADS.

Four and three-quarter miles were opened in the township of Chisholm on the following sections: On the 8 and 9 concession line from centre of lot 12 to east side of lot 16, one mile was built to connect with Bonfield road; between concessions 7 and 8 a mile and a quarter was opened and graded south between lots 10 and 11, and a quarter of a mile graded on the concession line; half a mile was opened from the boundary between Himsworth and Chisholm eastward; a mile and a quarter opened and graded from lot 7, between concessions 12 and 13, to corner of lot 10, thence south to corner of lot 11 and thence east to Wisawasa Creek; with three-quarters of a mile between lots 19 and 22, on concession 18, and a deviation on lot 21, to avoid a bad hill.

CLARENDON STATION AND OLDEN ROAD.

Improvements from lot 20, concession 7, Olden, extending in a northeasterly direction to lot 26, concession 9, four miles. Deviations were made in some cases to secure a better road location and the avoidance of natural difficulties.

DAVIS LAKE ROAD.

Repairs were begun at lot 1, concession 3, Lutterworth, and continued to the 7th concession, four and a half miles. The road serves a large settlement and is their only outlet to Kinmount.

DEER LAKE ROAD.

Ten miles of substantial improvements in the township of Cardiff, from lot 1, concession 22, eastward to lot 25, concession 16. It is largely a cheese factory road and was very much out of repair.

DISTRICT LINE ROAD.

Repairs from lot 11, concession 9, Bromley, northward three miles.

DUMMER AND STONY LAKE ROAD.

From lots 30 and 31, concession 10, Dummer, eastward to lot 30, concession 11, and thence northward about the head of Stony Lake to lot 1, concession 11, Burleigh, two miles and a half were repaired; and on the 9th concession line of Dummer from lot 30, southward, four miles and a half were improved.

DUNNET ROAD.

Beginning about the middle of concession 3 this road was opened south between lots 6 and 7, to the line of division between concessions 1 and 2, a mile and a half. Good land it is said exists to the south and west in the township of Appleby, which a production of the road would reach.

CONCESSION ROAD.

The completion of three-quarters of a mile between the 1st and 2nd quarter line of the township of Eldon, beginning between lots 7 and 8. It had been chopped out many years ago by settlers who appear never to have been able to finish the work, which was unusually difficult.

ELDON 10 CONCESSION ROAD.

A mile of repairs from lots 5 and 6, concession 10, northward across lots 6 and 7, with a mile and a half of grading from lot 20, concession 5, eastward. A mile was also improved from lot 19 to lot 22.

The municipality granted $100 towards this work.

ESTIS ROAD.

From a point on Sharbot Lake and Maberly road, about a mile and a quarter east of Sharbot Lake, (lot 14, concession 2, Oso), three miles of grading was done.

FERMOY AND WESTPORT ROAD.

A very steep hill situate about one mile west of Westport in the township of Crosby, composed of limestone rock was reduced in gradient by quarrying and filling. About 500 feet was improved by this method.

FERRIS AND LAKE NOSBONSING ROAD.

Three miles opened from Bonfield and Lake Nosbonsing road northward between lots 14 and 15 Ferris as a winter road but requiring grading to make it good for all purposes.

FERRIS 8 AND 9 CON. ROAD.

Three miles of repairs over a very rough section from lot 1 westward.

FERRIS 14 AND 15 CON. ROAD.

Half a mile of excellent road opened on this line from lot 34. leaving yet about a mile to complete from Lake Nipissing to North Bay road.

FISH CREEK BRIDGE.

A bridge over the creek named in Bedford on the road between Tichbourne and Fermoy 105 feet long with a 16 foot opening. The piers which support the superstructure are each 20 feet high, built of cedar.

The work was intrusted to the municipality and paid after the report of the inspector that the work was completed.

FRASER ROAD.

This road is from lot 18 con. 3 in Bagot northward and was repaired over about five miles, making necessary off-take drains and improving the same generally.

GALWAY ROADS.

Five miles of repairs, namely :—from lot 2 con. 14 east to lot 8 a mile and a half ; between lots 5 and 6 con. 13 three-fourths of a mile, and from lot 11 con. 11 to lot 22, two and a half miles, with some 20 rods of crosswaying and a 30 foot bridge.

GALWAY AND CAVENDISH ROAD.

Beginning at lot 40 con. A, Galway and continuing in a southeasterly direction to lots 8 and 9 con. 14 Cavendish, twelve miles were generally improved, and a mile and a quarter opened on a blind line to connect with this road.

GALWAY 4 AND 5 CON. ROAD.

Two miles were repaired from Bobcaygeon Road eastward, and in addition half a mile was opened from lot number 6 eastward and three-quarters of a mile on the boundary line which intersects this road eastward, leading to Nogie's Creek.

GANNON'S NARROWS ROAD.

Some years ago the County of Peterboro granted $1000 for a ferry at these "Narrows" upon condition, I understand, that the Government would complete or at any rate aid in completing the approaches. Grants have this year been made, and $100 given to supplement contributions from the County of Peterboro' and township of Harvey of $50 each, and the total sum spent under the management of this Department.

GLAMORGAN AND CAVENDISH ROAD.

A new road and one, the inspector says, highly prized by the entire White Lake settlement. It starts from lot 7 con. 1 Glamorgan and from thence follows a westerly course to lot 14 con. 3 a length of three miles, and available for general traffic.

GRATTAN 6 AND 7 CON. ROAD.

Repairs from lot 9 easterly a mile and three-quarters.

GRATTAN 10 AND 11 CON. ROAD.

Work across lots 15 to 21 and on what is known as Perrault Settlement road A mile and a quarter was improved by raising the road bed and widening the road generally.

GRATTAN AND SOUTH ALGONA ROAD.

From the intersection of the west boundary of Grattan with the 20th concession line a mile and a half was opened southward on the said west boundary through a swampy portion which had to be timbered throughout.

HAGARTY 3RD CON. ROAD.

Three miles of general improvements from the west boundary of Hagarty along the 3rd concession to the Opeongo road.

HAGARTY AND SOUTH ALGONA ROAD.

The repair of a bridge over Silver Creek (lot 1 con. 16 Brudenell) and improvement of a mile from the bridge northward.

HAGARTY AND SHERWOOD ROAD.

Repairs from Opeongo road to Wilno station on the O. A. & P. S. railway—four miles on the town line named.

HASTINGS ROAD.

Six miles of repairs from about four miles south of Maynooth northward. A deviation 60 rods long was made at Papineau Creek for the general advantage of the public.

HYDE'S CHUTE AND SANSON ROAD.

This road was repaired between Hyde's Chute on the Madawaska River and Opeongo road sixteen miles.

JONE'S FALLS AND BATTERSEA ROAD.

From lot 7 con. 8 South Crosby, repairs were made westward to lot 6 con. 9 about three miles. Many hills were reduced in gradient and a general improvement effected over the length mentioned.

KALADAR N. BOUNDARY ROAD.

This road is from a point on the Addington road about two and a half miles south of Cloyne running westward and on which five miles of work was done.

LAVANT ROAD.

Work commencing at lot 2 con. 2 Lavant and extending seven miles to the 7th concession of Darling. On the Lavant Branch road ten miles were improved from near Flower station of the K. and P. railway eastward to lot 9 con. 6, Darling.

LOUGHBORO' LAKE ROAD.

Improvements from lot 6, con. 12 Storrington four miles north-easterly to lot 12, con. 12, of the same township, and making a very fair waggon road.

McCLURE TOWNSHIP ROAD.

Repairs from Lake St. Peter (lot 11, con. 10. McClure township) south-easterly to a cheese factory on the Hastings road at Free Grant lots 10 and 11, six miles.

McKIM TOWNSHIP ROAD.

Work was begun at lot 12, con. 6, township of Neelon, and continued east half a mile. Again from between lots 11 and 12 crossing to lot 9 a mile and a half was opened.

MAPLE LAKE ROAD.

A road from the boundary between Stanhope and Guilford (lot 32, con. 4 Stanhope) to lot 25 in the same concession and the length two miles.

MATTAWA AND TEMISCAMINGUE ROAD.

Four miles and a half repaired north of Mattawa.

MARIA TOWNSHIP ROAD.

Through the township two and a half miles were graded and improved,

METHUEN ROAD.

Thirteen miles were worked over from between lots 3 and 4. con. 3, Chandos, northwesterly to lots 20 and 21. con. 14; thence east to lots 25 and 26, and thence northeast to lot 32, con. 8. There were also thirteen miles more or less improved from lot 24, con. 6, south into Methuen to Oak Lake settlement.

MISSISSIPPI ROAD.

Repairs over fifteen miles from Bronson to Hartsmere.

MONCK ROAD.

Nine miles from the townline of Monmouth and Glamorgan, westward, and eleven miles from lot 36, con. 2, Digby, to lot 6, con. 10, Laxton, were well repaired. Also a bridge over Head River in Dalton was built anew from its foundations and is substantial in every respect.

MONTEAGLE ROADS.

On the 7th concession two miles were repaired from lots 6 to 9 inclusive. On the 6th concession a mile was improved from Johnson's Corners on Hasting's Road eastward, and a bridge over Bird's Creek repaired. On the 10th concession a mile and a quarter was repaired between lots 10 and 16, and two miles from Hybla cheese factory (lot 9) eastward, and on the 14th concession two miles were worked upon from lot 26 eastward.

MOUNTAIN ROAD.

Repairs from lot 9, con. 12, Sheffield, easterly to the east boundary of the township, about five miles.

MOUNTAIN ROAD (in Miller).

From a point on the Frontenace Road about a mile northwest from Playfairs' Corners repairs were extended northward about three miles, and very substantial improvements effected.

MOUNTAIN LAKE ROAD.

Two miles of what was merely a trial has been opened from lot 3, con. 6 to lot, 8 con. 8, of the township of Minden.

MOUNT JULIEN ROAD.

This work was from lot 8, con. 6, Burleigh south to Julien's Landing, and the length, a mile and a quarter.

MOUNTAIN ROAD (Bromley).

Repairs from lot 27, con. 7, Bromley, easterly a mile and a half, including construction of a new pier for a bridge over Snake Creek and filling the pier with stone.

MURCHISON ROAD.

Three miles of practically new road to Madawaska station of the O. A. and P. S. Railway from the Hastings Road at lot 22, con. 2, Murchison, and making a fair waggon road.

NOGIE'S CREEK ROAD.

A bridge over Nogie's Creek ninety-two feet long was entirely renewed, and two miles of the road from lot 27, con. 17, Harvey, northward, were substantially improved.

NORTH ALGONA AND WILBERFORCE ROAD.

Beginning at the townline indicated repairs were made southward a mile and a half, and eastward on the 18th concession, two miles.

NORTH BAY AND TEMISCAMINGUE ROAD.

Seven miles substantially repaired from lot 20, con. B. northward, to lot 14 con. 4. township of Widdifield.

NORTH HARVEY ROAD.

The general improvement of this road from Mississaga east to Burleigh Falls, nine miles.

OPEONGO ROAD.

Six miles from Shamrock eastward to the Kingston and Pembroke railway, and three miles from Brudenell westward were substantially improved.

PAPINEAU 8 CON. ROAD.

The opening of one mile from concession 10 south between lots 30 and 31 to connect with concession 8. A mile and a quarter of repairs was also made through concessions 10 to 12 between lots 25 to 26.

PARHAM AND SHARBOT LAKE ROAD.

Repairs from the south side of Sharbot Lake bridge southerly towards Parham, a length of six miles. A deviation was made for the improvement of a certain portion.

PAQUETTE'S RAPIDS ROAD.

Repairs from lot 20, con. 6, Westmeath, westward three miles to Mill Creek bridge.

PETERSON ROAD.

Twenty miles more or less improved from about 5 miles west of Maynooth eastward.

PROOF LINE ROAD.

A mile of repairs on the 7th concession of South Algona between lots 15 and 16 extending to Silver Lake.

ROCKINGHAM AND PALMER RAPIDS ROAD.

Repairs between Palmer Rapids and Peterson road—about seven miles.

ROUND LAKE ROAD.

This road, not yet completed, is from the head of Stony Lake to Havelock, and the distance sixteen miles, of which one mile was this year repaired, leaving some three miles which ought to be improved.

SANDY LAKE ROAD.

Seven miles of repairs from half a mile west of Hall's Bridge, westward.

SHARBOT LAKE ROAD.

This was six and a half miles of work from Sharbot Lake eastward towards Maberly, on the east side of the township of Oso.

SILVER LAKE ROAD.

A work from the old Silver Lake road (lot 14, con. 4, Oso) eastward, opened and improved about three miles, forming a fair waggon road.

SNOWDON 10 SIDE LINE ROAD.

The opening of two and a half miles between lots 10 and 11 to the 6th concession of Snowdon—a very satisfactory work.

SOUTH ALGONA AND KILLALOE ROAD.

From the boundary between Hagarty and South Algona repairs were made eastward two miles towards Eganville, and westward three miles to Killaloe.

SOUTH ALGONA 10 CON. ROAD.

One mile of road opened between lots 28 and 30, and made passable for waggons.

SOUTH ALGONA 2 AND 3 CON. ROAD.

Three-quarters of a mile opened from between lots 10 and 11 to lot 8, through low land, requiring more than ordinary labor upon it.

SOUTH ALGONA AND SILVER LAKE ROAD.

From lot 25, con. 5, South Algona, one mile was improved eastward, the work being chiefly raising a crossway for 50 rods, three feet, to prevent annual flooding.

SPRINGER ROAD.

A continuation of work from lot 1, con. 12, northerly, to con. 3, and to lot 11, township of Field, a length of two and a half miles of general grading.

STAFFORD 3RD CON. ROAD.

The repair of two miles from lot 10 westward—a low swampy portion.

STONE DAM AND CRAIG ROAD.

Five and a half miles of work from lot 5 con. 13, Portland, to lot 2, con. 2, Hinchinbrooke, and thence westward on the Frontenac road about two miles north of Verona.

STORRINGTON ROAD.

Repairs from lot 22, con. 10, Storrington, westward to Brass' Point, on the Welland Canal, three miles.

STURGEON RIVER ROAD.

This work was from lot 3, con. 3, Springer, north, to Sturgeon River—seven miles.

The land in this vicinity is of good quality, and largely occupied.

SUDBURY AND WAHNAPITAE ROAD.

Fourteen miles of repairs from the boundary between McKim and Neelon, northeastward to Wahnapitae Lake, making a generally good road through its entire length.

SWAMP (CON. 6, BROMLEY) ROAD.

On the 6th concession of Bromley, from the line between lots 9 and 10: and between lots 9 and 10, con. 5, two miles of work was done, including some bridge repairs.

TEMISCAMINGUE ROADS.

For an expenditure of $3,360.56 there has been opened fifteen and a half miles, and ten and a quarter miles improved in the townships of Bucke, Harris, Hudson, and Casey, in all of which townships settlement is increasing, and from the reports received it appears quite certain that within a very few years, with better road accommodation, this district will be both populous and prosperous, as arable land of excellent quality exists almost without stint. In detail the roads upon which money was spent are :—

Between Dawson's Point and Liskeard about the lake shore, where five miles were improved, mostly in the township of Harris; and in the same township two and a half miles were opened from Dawson's Point north between lots 3 and 4; and again from the lake shore between concessions 3 and 4 a road was opened west to the line between lots 4 and 5, thence south through concession 3, thence west across lots 4 and part of lot 3, three miles, making altogether five and a half miles of new road and five of repairs in Harris. In the township of Casey work was as follows:—Commencing at the Provincial Boundary between Ontario and Quebec at the line between concessions 2 and 3, thence north westerly through lots 10 and 11, concession 1, and 9 and 10, concession 2. Wright's Creek was bridged with a substantial structure 82 feet long, and with the earth approaches 135 feet; the spans or openings being two of each 37 and 35 feet, and the length of road opened one mile and a quarter.

In the townships of Dymond and Hudson, three and three quarter miles of the existing road was ditched and improved to its north boundary, on what is known as North Dymond road, and in the same township four miles were improved and a new portion four and a half miles long opened on the 3rd and 4th concession line from the road just mentioned west to, and across a portion of lot 5 in the township of Hudson. Two miles were also opened north between lots 2 and 3, Hudson, through concessions 4 and 5. There were also four miles of new road cut out 20 feet wide in Dymond from centre of concession 5 between lots 4 and 5, northwest through lots 4, 3, 2, and thence north between lots 1 and 2 to north boundary, thence west to the township corner, and thence north between Harley and Kerns half a mile, with one mile and a half of the existing road repaired.

In Bucke township two and a quarter miles were opened along or near the ake shore towards Haileybury, and one and a half miles opened from near

Haileybury south across Mill Creek, where a bridge was erected, and the road continued southwest to the point between concessions 1 and 2, lots 13 and 14, and thence west on the concession line a quarter of a mile.

VERNER AND BADGEROW ROAD.

From lot 7, concession 1, township of Gibbon, south to lot 10, concession 2, Badgerow, this road which has been under construction for some years, was this season repaired over four and a half miles of its length, and two miles and a half cut out in straightening portions of the same.

WABIS ~~CREEK~~ BRIDGE.

A bridge in Temiscamingue District, over Wabis creek, in the township of Dymond, near the village of Liskeard. The length is 155 feet, with a main clear span of 62 feet, and the substructure piles.

WARREN AND HUGEL ROAD.

General improvements over about eight miles from lot 3, concession 1, Rutter, westward. A bridge 100 feet long over Deer creek was also renewed.

WELLINGTON ROAD.

A general course of repairs from Apsley eastward eleven miles through the township of Chandos

WESTPORT AND MISSISSIPPI ROAD.

Improvements from lot 8, concession 4, North Sherbrooke, to lot 5, in the same concession, about two miles through a rough section.

WIDDIFIELD 3RD CONCESSION ROAD.

This was work from North Bay and Temiscaminque road, lot 14, Widdifield eastward, about two and a half miles, one mile being new and the balance repairs

WILBERFORCE AND MUD LAKE ROAD.

A mile and a quarter repaired from Byer's corners, which is about three miles west of Eganville westward towards Mud Lake.

The work was chiefly the reduction of grades upon various hills for the general advantage of traffic.

WILBERFORCE FIVE PROOF LINE ROAD.

This work was a mile of construction through concessions 13 to 15, between lots 25 and 26.

WILBERFORCE SIX PROOF LINE ROAD.

Between lots 30 and 31, and through concessions 19 and 20, a mile and a quarter of very rough road was substantially improved.

WILBERFORCE TWENTY-SECOND CONCESSION ROAD.

Improvements from Eganville road to District line, a mile and a half.

WISAWASA ROAD.

The repair of three miles from the 14th and 15th concession line of Nipissing. The bridge over Wisawasa creek was repaired also.

MINING ROADS.

BONHEUR AND SAW BILL LAKE MINING ROAD.

General repairs were made over nineteen miles, consisting chiefly in the removal of boulders and raising and covering crossways. The expenditure was largely required in consequence of continuous rains throughout the season, flooding the road beyond any usual expectation, making it quite impassable.

RAINY AND CEDAR LAKE MINING ROAD.

This road starts from a small lake near the dam at the foot of Manitou lake, and is from thence in a south-westerly direction to Rainy Lake, ending about a mile below "Devil's Cascades." The length is six and a half miles; chopped 30 feet and grubbed 20 feet wide the entire distance.

NEW KLONDYKE ROAD.

Leaving Dyment station of the C. P. Railway, about 15 miles east of Wabigoon, this road is in a southerly direction, crossing Little Wabigoon river into the New Klondyke mining region. A good road has been made six miles through a practically level country timbered chiefly with jack pine, and the soil of a sandy character.

ROSSLAND ROAD.

This grant was for the completion of work done last year, and payment of certain outstanding accounts. as stated in my report of 1897.

SEINE BAY AND FOLEY MINE ROAD.

A winter road from Seine Bay on Rainy Lake, at the northwest corner of Indian Reserve, 23 B easterly to Shoal Lake, ending a short distance west of Foley mine. The length is six and three-quarter miles, chopped out and close cut 15 feet wide throughout.

SHOAL LAKE AND BAD VERMILLION ROAD.

General repairs from Bell City, on Shoal Lake, to the Golden Star mine, a length of four miles. It was also opened from the mine mentioned to Little Turtle Lake, more than two miles. The road runs past the corner post of mining location H. P. 426 and A. L. 132, and thence in a northerly direction almost parallel with the eastern boundary of mining location H. P. 204 to Little Turtle Lake.

STURGEON FALLS ROAD.

A road starting from the southeast corner of Indian Reserve 23 B 2, near Sturgeon Falls, and running in a northeasterly direction to Cedar Lake, a distance of three miles, chopped out 30 feet wide and grubbed 22 feet wide.

TRILLABELLE MINING ROAD.

The chief expenditure in this instance was through concessions 3 and 4 Drury, in draining a large marsh which constantly flooded the road Two large ditches, each half a mile long, were opened, and the material used in raising the road bed. Light improvements were, however, made into Drury mine from the railway

WABIGOON BRIDGE.

A bridge over Little Wabigoon river, just above the falls, on the New Klondyke mining road, about five miles south of Dyment station of the C. P. Railway. It is 116 feet long, composed of three cribs, each 15 feet high, with the superstructure.

WABIGOON AND MINNETAKIE ROAD.

Opened from half a mile beyond Jackfish Creek—to which point settlers had built a road – to Minnetakie Lake, between Cross and Flat Rock lakes, and ending at or about mining location H. W. 16. The distance from Wabigoon to the lake is about 21 miles, and the length now opened as a winter road is 12 miles.

WABIGOON AND MANITOU DAM AND ROAD.

For the purpose of lowering the waters of Wabigoon and Maniton lakes, which a dam recently built had raised above the elevation expected, an enlargement of waterway, was made by opening a sluice through the rock six feet wide and six feet deep. This appears to have had the effect desired, and it is hoped and expected that no further difficulty will occur in this matter.
